Cal.), alleging, among other things, that Toyota (as defined below) designed, manufactured, distributed, advertised and sold certain automobiles containing an alleged defect that allegedly would allow sudden unintended acceleration of the vehicle to occur and that the plaintiff sustained economic losses as a result thereof;

WHEREAS, the *Seong Bae Choi, et al.* action was subsequently consolidated for pretrial proceedings with additional economic loss class and individual actions alleging similar or identical claims in *In re Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation*, No. 8:10ML2151 JVS (FMOx) (C.D. Cal.) (MDL 2151), pending before the Honorable Judge James V. Selna in the United States District Court for the Central District of California;

WHEREAS, on May 14, 2010, the Court entered Order No. 2, which designated Steve W. Berman of Hagens Berman, Frank M. Pitre of Cotchett, Pitre & McCarthy, L.L.P., and Marc M. Seltzer of Susman Godfrey L.L.P. as co-lead counsel in the economic loss class actions;

WHEREAS, on November 17, 2010, the Court entered Order No. 10: Effect of Amended Master Consolidated Complaint, which held that the consolidated complaint “amends and supersedes all economic loss actions in this docket [and] all parties not named and all theories not asserted in the [consolidated complaint] are dismissed without prejudice from the economic loss actions”;

WHEREAS, plaintiffs filed an Economic Loss Master Consolidated Complaint on August 2, 2010, filed an Amended Economic Loss Master Consolidated Complaint on October 27, 2010, filed a Second Amended Economic Loss Master Consolidated Complaint on January

10, 2011, and filed a Third Amended Economic Loss Master Consolidated Complaint on June 4, 2012;

WHEREAS, on July 25, 2012 Plaintiffs (as defined below) filed an Operative Third Amended Economic Loss Master Consolidated Complaint (defined below as the “TAMCC”);

WHEREAS, as a result of extensive arm’s length negotiations, including numerous mediation sessions before Settlement Special Master Patrick A. Juneau, Class Representatives, Plaintiffs’ Class Counsel (all terms as defined below) and Toyota have entered into this Agreement;

WHEREAS, Plaintiffs’ Class Counsel and other counsel who have appeared in these Actions (as defined below), have conducted substantial discovery, have investigated the facts and underlying events relating to the subject matter of the claims, have carefully analyzed the applicable legal principles, and have concluded, based upon their investigation, and taking into account the risks, uncertainties, burdens and costs of further prosecution of their claims, and taking into account the substantial benefits to be received pursuant to this Agreement as set forth below, which, in the view of the Class Representatives and Plaintiffs’ Class Counsel, is designed for the purpose of putting to rest all controversies with Toyota that were or could have been alleged, and that a resolution and compromise on the terms set forth herein is fair, reasonable, adequate, and in the best interests of the Plaintiffs, Class Representatives and the Class;

WHEREAS, Toyota, for the purpose of avoiding burden, expense, risk, and uncertainty of continuing to litigate the claims, and for the purpose of putting to rest all controversies with Plaintiffs, Class Representatives, the Class and/or the Actions that were or could have been alleged, and without any admission of liability or wrongdoing, desires to enter into this Agreement;

WHEREAS, Plaintiffs' Class Counsel represent and warrant that they are fully authorized to enter into this Agreement on behalf of Class Representatives and the Class, and that Plaintiffs' Class Counsel have consulted with and confirmed that all Class Representatives fully support and have no objection to this Agreement; and

WHEREAS, it is agreed that this Agreement shall not be deemed or construed to be an admission, concession, or evidence of any violation of any federal, state, or local statute, regulation, rule, or other law, or principle of common law or equity, or of any liability or wrongdoing whatsoever, by Toyota or any of the Released Parties (as defined below), or of the truth or validity of any of the claims that plaintiffs have asserted;

NOW, THEREFORE, without any admission or concession by Class Representatives or Plaintiffs' Class Counsel of any lack of merit to their allegations and claims, and without any admission or concession by Toyota of any liability or wrongdoing or lack of merit in its defenses, in consideration of the mutual covenants and terms contained herein, and subject to the final approval of the Court, Plaintiffs, Plaintiffs' Class Counsel, Class Representatives and Toyota agree as follows:

II. SETTLEMENT RELIEF

A. Relief Provided to Eligible Class Members

In consideration for the dismissal of the Actions with prejudice, as contemplated in this Agreement, and for the full and complete Release, Final Order and Final Judgment provided below, Toyota agrees to provide the following:

1. Qualified Settlement Fund – The Parties shall move the Court to establish and create a Qualified Settlement Fund, pursuant to Internal Revenue Code § 468B and the Regulations issued thereto. All payments to be made by Toyota pursuant to Sections II(A)(2), (4) and (6) shall be made by wire transfer into an Escrow Account, including subaccounts for each of the three funds described in these Sections, as warranted, established and controlled consistent with and pursuant to an Escrow Agreement at a mutually-agreed upon bank. The Escrow Agent shall invest the payments in short-term United States Agency or Treasury Securities (or a mutual fund invested solely in such instruments), or in a fully United States Government-insured account, and shall collect and reinvest any and all interest accrued thereon, if applicable, unless interest rates are such that they would effectively preclude investment in interest-bearing instruments as defined herein. All (i) taxes on the income of the Escrow Account and (ii) expenses and costs incurred with taxes paid from the Escrow Account (including, without limitation, expenses of tax attorneys and accountants) (collectively, “Taxes”) shall be timely paid out of the Escrow Account without prior Order of the Court. The Parties agree that the Escrow Agent shall be responsible for filing tax returns for the Qualified Settlement Fund and paying from the Escrow Account any Taxes owed with respect to the Qualified Settlement Fund. The Parties hereto agree that the Account shall be treated as a Qualified Settlement Fund from the earliest date possible, and agree to any relation-back election required to treat the Account as a Qualified Settlement Fund from the earliest date possible. The Escrow Account shall be initially comprised of three separate funds which shall together constitute a single Qualified Settlement Fund. The funds will be separated as further set forth in Sections II(A)(2), (4) and (6), below.

2. Cash Payment For Alleged Diminished Value – Within 30 days of the Final Effective Date, Toyota will deposit into the Escrow Account the sum of \$250,000,000. Class Members are eligible to submit Claims for payment under this Section II(A)(2) if they comply with the Claims requirements of the Settlement and demonstrate in their Claim Forms that they: (a) sold or traded in an owned Subject Vehicle during the period from September 1, 2009 to December 31, 2010, inclusive; (b) returned a leased Subject Vehicle before the lease termination date during the period from September 1, 2009 to December 31, 2010, inclusive; (c) insured and/or guaranteed the residual value of a Subject Vehicle as of September 1, 2009, and with respect to such Subject Vehicle, thereafter either made payment to an insured, or sold the Subject Vehicle, provided such payment or sale was made by a Residual Value Insurer on or before December 31, 2010; (d) returned a leased Subject Vehicle before the lease termination date, after having reported an alleged unintended acceleration event(s) (as defined in the attached Claim Form) to Toyota, a Toyota Dealer or NHTSA before December 1, 2012; or (e) owned a Subject Vehicle that was declared a total loss by an insurer during the period from September 1, 2009 to December 31, 2010, inclusive. In no event shall a Class Member receive more than one payment per each Subject Vehicle from the fund under this Section II(A)(2). For ease of reference, this fund shall be called the “Alleged Diminished Value Fund.”

- a. Allocation Counsel have negotiated among themselves, under the supervision of the Settlement Special Master, a plan of allocation of this fund among eligible Class Members so that those parameters can be described as part of notice to the class. The plan of allocation is attached hereto as Exhibit 16.
- b. In the event that the total allocation to eligible Class Members pursuant to this Section II(A)(2) exceeds the amount of money available in each fund set forth

in Section II(A)(2), payments to eligible Class Members will be reduced pro rata.

- c. If amounts remain in this fund after payment to all eligible Class Members based on the protocol discussed in this Section II(A)(2) following the expiration of the Claim Period, then the remaining amounts will be distributed by the Escrow Agent equally to: (i) reimburse the fees and costs paid by Toyota to the Class Action Settlement Administrator, Settlement Notice Administrator, or any other third-party vendor; and (ii) contribute to the the Automobile Safety and Education Program fund described in Section II(A)(6), below. If the administrative and/or notice costs are fully reimbursed, 100% of the further remaining amounts will be applied to contribute to the the Automobile Safety and Education Program fund described in Section II(A)(6), below.

3. BOS for BOS-Eligible Vehicles – Class Members who, as of the date the Preliminary Approval Order is entered, own or lease BOS-Eligible Vehicles as listed in Exhibit 11 may have BOS installed by Toyota at Toyota Dealers at no cost and which option shall be transferable with the Subject Vehicle. It is estimated that over 2.7 million Subject Vehicles are eligible for BOS pursuant to this Section, which Subject Vehicles have not previously been offered BOS. The Vehicle Identification Numbers (“VINs”) for all eligible Subject Vehicles shall be identified in Toyota’s systems so that an eligible Subject Vehicle taken to Toyota Dealers can be identified and have BOS installed. Toyota will begin to offer this benefit over time, beginning after entry of the Final Order and Final Judgment by the Court, and will be provided for two years from the date Toyota gives notice on the Settlement website that BOS is

available for that Subject Vehicle. Toyota already has offered the installation of BOS with respect to certain vehicle models, and pursuant to this Agreement, Toyota will continue to offer to install BOS on those BOS-Eligible Vehicles that have not yet received BOS and Toyota shall send those Class Members a reminder of this benefit.¹ Beginning in 2010, Toyota offered BOS to approximately 3.2 million Subject Vehicles: as of December 6, 2012, approximately 2.65 million Subject Vehicles have already received BOS and approximately 550,000 Subject Vehicles have not yet received BOS. In addition, hybrid Subject Vehicles already have Parts Protection Logic that, among other things, performs a similar function as BOS. Inoperable vehicles and vehicles with a salvaged, rebuilt or flood-damaged title are not eligible for this benefit.

4. Cash Payment in Lieu of BOS – Within 30 days of the Final Effective Date, Toyota will deposit into the Escrow Account the sum of \$250,000,000. Class Members who own or lease a Subject Vehicle as of the date the Preliminary Approval Order is entered, are eligible to make a claim for payment under this Section II(A)(4) if they comply with the Claims requirements of the Settlement, unless: (a) their Subject Vehicle is a hybrid vehicle; (b) they already actually received BOS on their Subject Vehicle; and/or (c) they are eligible to receive BOS on their Subject Vehicle as described in Section II(A)(3).

- a. Allocation Counsel have negotiated among themselves, under the supervision of the Settlement Special Master, a plan of allocation of this fund among Class Members so that those parameters can be described as part of notice to the class. The plan of allocation is attached hereto as Exhibit 16.

¹ Toyota will continue to install BOS on Sequoia vehicles that have not yet received BOS, up to the end-date of the current Sequoia limited service campaign of October 31, 2013.

- b. In the event that total payments to eligible Class Members exceed the amount of money available in each fund set forth in Section II(A)(4), payments to eligible Class Members will be reduced pro rata.
- c. If amounts remain in this fund after payment to all eligible Class Members based on the protocol discussed in this Section II(A)(4) following the expiration of the Claim Period, then the remaining amounts will be distributed by the Escrow Agent equally to: (i) reimburse the fees and costs paid by Toyota to the Class Action Settlement Administrator, Settlement Notice Administrator, or any other third-party vendor; and (ii) contribute to the Automobile Safety and Education Program described in Section II(A)(6), below. If the administrative and/or notice costs are fully reimbursed, 100% of the further remaining amounts will be applied to contribute to the Automobile Safety and Education Program fund described in Section II(A)(6), below.

5. Customer Support Program – Toyota will offer a Customer Support Program to all Class Members who own or lease their Subject Vehicles as of the date of entry of the Final Order and Final Judgment. The Customer Support Program will stand behind the reliability of the Subject Vehicles by providing prospective coverage for repairs and adjustments needed to correct defects, if any, in materials or workmanship in any of the following components in each Subject Vehicle following the date of Final Order and Final Judgment: (i) Engine Control Module; (ii) Cruise Control Switch; (iii) Accelerator Pedal Assembly; (iv) Stop Lamp Switch; and (v) Throttle Body Assembly. The duration of prospective coverage will begin following the date of Final Order and Final Judgment and will be calculated based on 10 years from the expiration of the existing warranty for each of these parts, with a maximum limit of 150,000

miles from the vehicle's in-service date, which is the first date the vehicle is either delivered to an ultimate purchaser, leased, or used as a company car or demonstrator. Regardless of mileage or warranty expiration, each eligible Subject Vehicle will receive no less than 3 years of coverage from the date of Final Order and Final Judgment. It is estimated that approximately 16.3 million Subject Vehicles are eligible for this benefit. Inoperable vehicles and vehicles with a salvaged, rebuilt or flood-damaged title are not eligible for this benefit.

- a. **Communication of the Customer Support Program** - The VIN numbers for the Subject Vehicles shall be identified in Toyota systems so that the eligible Subject Vehicles taken to Toyota Dealers can be identified. In addition, the Short Form Notice attached hereto as Exhibit 12 will include a tear-off portion that summarizes this benefit. The Settlement website will also include a copy of the summary.

6. Automobile Safety and Education Program – Within 30 days of the Final Effective Date, Toyota will contribute \$30,000,000 to fund automobile safety research and education related to issues in the litigation. The fund will be divided between contributions to university-based automobile/transportation research institutes and an education/information program for automobile drivers. Additional funding for the Automobile Safety and Education Program fund may come from the remaining amounts pursuant to Sections II(A)(2) and II(A)(4), above. The mechanics of how these funds are to be used are set forth in the Automobile Safety and Education Program attached hereto as Exhibit 15.

B. Claim Form Submission and Review

1. In addition to the relief provided to Class Members identified above, the cost of Settlement notice and claims administration will be funded by Toyota with the potential for partial or complete reimbursement pursuant to Sections II(A)(2)(c) and II(A)(4)(c), above.

2. In order to be eligible for payment pursuant to Sections II(A)(2) and II(A)(4), Class Members must submit a Claim pursuant to the Claim Process during the Claim Period, and the Class Action Settlement Administrator shall review and evaluate the Claim. The Class Action Settlement Administrator shall administer the claim relief specified in this Settlement Agreement pursuant to the terms of the Claim Review Protocol, which is attached hereto as Exhibit 14. As part of the Claim Process, Class Members will be eligible for the relief provided in this Agreement, provided Class Members timely complete and submit the Claim Form to the Class Action Settlement Administrator. The Claim Forms will be included with the Long Form Notice and available on the Settlement website.

3. The Claim Forms shall advise Class Members that the Class Action Settlement Administrator has the right to request verification of eligibility, including verification of the purchase, ownership, lease or resale of Subject Vehicles. If the Class Member does not timely comply and/or is unable to timely produce documents to substantiate and/or verify the information on the Claim Forms and the Claim is otherwise not approved, the Claim shall be disqualified. In no event shall a Class Member or affiliate or representative of the Class Member receive more than one payment per Subject Vehicle.

4. The Class Action Settlement Administrator shall provide periodic updates at least every two weeks to the Parties regarding Claim Form submissions beginning not later than one week before the Fairness Hearing date and continuing on a monthly basis thereafter.

5. The Class Action Settlement Administrator shall use its best efforts to begin to pay timely, valid and approved Claims not before 180 days after the close of the Claim Period or the occurrence of the Final Effective Date, whichever is later. Not later than 270 days after either the occurrence of the Final Effective Date or the close of the Claim Period, whichever is later, the Class Action Settlement Administrator shall use its best efforts to have completed the payment to Class Members who have submitted timely, valid and approved Claims pursuant to the Claim Process. However, Toyota may, at its sole discretion, commence this payment period after final approval of the Settlement by the Court, but before the attainment of the Final Effective Date.

2. Claim Forms.

The Long Form Notice and Settlement website shall include the Claim Forms, which shall be in a form substantially similar to the documents attached to this Agreement as Exhibits 2 and 3 and which shall inform the Class Member that he or she must fully complete and timely return the Claim Form within the Claim Period to be eligible to obtain relief pursuant to this Agreement.

The Class Action Settlement Administrator shall also be responsible for, without limitation, implementing the terms of the Claim Process and related administrative activities.

2. The Settlement Notice Administrator shall be responsible for arranging for the publication of the Summary Settlement Notice, establishing internet banner notifications and for

consulting on Class Notice. The Settlement Notice Administrator and/or the Class Action Settlement Administrator shall coordinate their activities to minimize costs in effectuating the terms of this Agreement.

3. If the Class Action Settlement Administrator and/or the Settlement Notice Administrator make a material or fraudulent misrepresentation to, or conceal requested material information from, Plaintiffs' Class Counsel, Toyota or Toyota's Negotiating Counsel, then the Party to whom the misrepresentation is made shall, in addition to any other appropriate relief, have the right to demand that the Class Action Settlement Administrator and/or the Settlement Notice Administrator, as applicable, immediately be replaced. If the Class Action Settlement Administrator and/or the Settlement Notice Administrator fail to perform adequately on behalf of Toyota or the Class, the Parties may agree to remove the Class Action Settlement Administrator and/or the Settlement Notice Administrator. Under such circumstances, the other Party shall not unreasonably withhold consent to remove the Class Action Settlement Administrator and/or the Settlement Notice Administrator, but this event shall occur only after Toyota's Negotiating Counsel and Plaintiffs' Class Counsel have attempted to resolve any disputes regarding the retention or dismissal of the Class Action Settlement Administrator and/or the Settlement Notice Administrator in good faith, and, if they are unable to do so, after the matter has been referred to the Court for resolution.

4. The Class Action Settlement Administrator and/or the Settlement Notice Administrator may retain one or more persons to assist in the completion of his or her responsibilities.

5. Not later than 10 days before the date of the Fairness Hearing, the Class Action Settlement Administrator shall file with the Court a list of those persons who have opted out or excluded themselves from the Settlement. The Settlement Notice Administrator shall file with the Court the details outlining the scope, method and results of the notice program.

6. The Class Action Settlement Administrator and the Parties shall promptly after receipt provide copies of any requests for exclusion, objections and/or related correspondence to each other.

K. Self-Identification

Because the vehicle registration records to be provided by R.L. Polk & Co. may not be fully accurate in all respects and may not identify every Class Member eligible to receive a payment under the Agreement, qualifying Class Members must complete and file a Claim Form (using the Claim Form attached as Exhibit 2 for claims filed under Section II(A)(2); and using the Claim Form attached as Exhibit 3 for claims filed under Section II(A)(4)), and provide necessary documentation identified in the Claim Form timely indicating that they wish to and are eligible to receive a payment pursuant to Sections II(A)(2) or II(A)(4).

IV. REQUESTS FOR EXCLUSION

A. Any potential Class Member who wishes to be excluded from the Class must mail a written request for exclusion to the Class Action Settlement Administrator at the address provided in the Long Form Notice, postmarked on a date ordered by the Court specifying that he or she wants to be excluded and otherwise complying with the terms stated in the Long Form Notice and Preliminary Approval Order. The Class Action Settlement Administrator shall forward copies of any written requests for exclusion to Plaintiffs' Class Counsel and Toyota's

Negotiating Counsel. A list reflecting all requests for exclusion shall be filed with the Court by the Class Action Settlement Administrator no later than 20 days before the Fairness Hearing. If a potential Class Member files a request for exclusion, he or she may not file an objection under Section V.

B. Any potential Class Member who does not file a timely written request for exclusion as provided in Section IV shall be bound by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, Final Order and Final Judgment in the Actions, even if he, she or it has litigation pending or subsequently initiates litigation against Toyota relating to the claims and transactions released in the Actions. Toyota's Negotiating Counsel shall provide to the Class Action Settlement Administrator, within 20 days of the entry of the Preliminary Approval Order, a list of all counsel for anyone who has then-pending litigation against Toyota relating to claims involving the Subject Vehicles and/or otherwise covered by the Release.

V. OBJECTIONS TO SETTLEMENT

A. Any Class Member who has not filed a timely written request for exclusion and who wishes to object to the fairness, reasonableness, or adequacy of this Agreement or the proposed Settlement, or to the award of Attorneys' Fees and Expenses, or the individual awards to the Plaintiffs and/or the Class Representatives, must deliver to Plaintiffs' Class Counsel identified in the Class Notice and to Toyota's Negotiating Counsel, and file with the Court, on a date ordered by the Court a written statement of his or her objections. Any such objection shall include the specific reason(s), if any, for the objection, including any legal support the Class Member wishes to bring to the Court's attention, any evidence or other information the Class Member wishes to introduce in support of the objections, a statement of whether the Class Member intends to appear and argue at the Fairness Hearing, and the VINs of the Subject

Vehicle(s) to which the objection applies. Class Members may do so either on their own or through an attorney retained at their own expense. The objection must include proof that he or she falls within the definition of the Class.

B. Any Class Member who files and serves a written objection, as described in the preceding Section V(A), may appear at the Fairness Hearing, either in person or through personal counsel hired at the Class Member's expense, to object to the fairness, reasonableness, or adequacy of this Agreement or the proposed Settlement, or to the award of Attorneys' Fees and Expenses or awards to the individual Plaintiffs and/or the Class Representatives. Class Members or their attorneys who intend to make an appearance at the Fairness Hearing must deliver a notice of intention to appear to one of Plaintiffs' Class Counsel identified in the Class Notice and to Toyota's Negotiating Counsel, and file said notice with the Court, on a date ordered by the Court.

C. Any Class Member who fails to comply with the provisions of Sections V(A) and V(B) above shall waive and forfeit any and all rights he or she may have to appear separately and/or to object, and shall be bound by all the terms of this Agreement and by all proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. The exclusive means for any challenge to this Settlement shall be through the provisions of this Section V. Without limiting the foregoing, any challenge to the Settlement, Final Approval Order or Final Judgment shall be pursuant to appeal under the Federal Rules of Appellate Procedure and not through a collateral attack.

D. Any Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Agreement and the terms contained herein are approved, as long

as the objecting Class Member complies with all requirements of this Agreement applicable to Class Members, including the timely submission of Claim Forms and other requirements herein.

VI. RELEASE AND WAIVER

A. The Parties agree to the following release and waiver, which shall take effect upon entry of the Final Order and Final Judgment.

B. In consideration for the Settlement, Class Representatives, Plaintiffs and each Class Member, on behalf of themselves and any other legal or natural persons who may claim by, through or under them, agree to fully, finally and forever release, relinquish, acquit, discharge and hold harmless the Released Parties from any and all claims, demands, suits, petitions, liabilities, causes of action, rights, and damages of any kind and/or type regarding the subject matter of the Actions, including, but not limited to, compensatory, exemplary, punitive, expert and/or attorneys' fees or by multipliers, whether past, present, or future, mature, or not yet mature, known or unknown, suspected or unsuspected, contingent or non-contingent, derivative or direct, asserted or un-asserted, whether based on federal, state or local law, statute, ordinance, regulation, code, contract, common law, or any other source, or any claim of any kind related arising from, related to, connected with, and/or in any way involving the Actions, the Subject Vehicles, any and all claims involving the ETCS, any and all claims of unintended acceleration in any manner that are, or could have been, defined, alleged or described in the Economic Loss Master Consolidated Complaint, the Amended Economic Loss Master Consolidated Complaint, the Second Amended Economic Loss Master Consolidated Complaint, the Third Amended Economic Loss Master Consolidated Complaint, the TAMCC, the Actions or any amendments of the Actions, including, but not limited to, the design, manufacturing, advertising, testing, marketing, functionality, servicing, sale, lease or resale of the Subject Vehicles.

C. Notwithstanding the foregoing, Class Representatives, Plaintiffs and Class Members are not releasing claims for personal injury, wrongful death or actual physical property damage arising from an accident involving a Subject Vehicle.

D. The Final Order and Final Judgment will reflect these terms.

E. Class Representatives, Plaintiffs and Class Members expressly agree that this Release, the Final Order, and/or the Final Judgment is, will be, and may be raised as a complete defense to, and will preclude any action or proceeding encompassed by, this Release.

F. Class Representatives, Plaintiffs and Class Members shall not now or hereafter institute, maintain, prosecute, assert, and/or cooperate in the institution, commencement, filing, or prosecution of any suit, action, and/or proceeding, against the Released Parties, either directly or indirectly, on their own behalf, on behalf of a class or on behalf of any other person or entity with respect to the claims, causes of action and/or any other matters released through this Settlement.

G. In connection with this Agreement, Class Representatives, Plaintiffs and Class Members acknowledge that they may hereafter discover claims presently unknown or unsuspected, or facts in addition to or different from those that they now know or believe to be true concerning the subject matter of the Actions and/or the Release herein. Nevertheless, it is the intention of Plaintiffs' Class Counsel and Class Members in executing this Agreement fully, finally and forever to settle, release, discharge, and hold harmless all such matters, and all claims relating thereto which exist, hereafter may exist, or might have existed (whether or not previously or currently asserted in any action or proceeding) with respect to the Actions, except as otherwise stated in this Agreement.

H. Class Representatives expressly understand and acknowledge, and all Class Representatives, Plaintiffs and Class Members will be deemed by the Final Order and Final Judgment to acknowledge and waive Section 1542 of the Civil Code of the State of California, which provides that:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

Class Representatives, Plaintiffs and Class Members expressly waive and relinquish any and all rights and benefits that they may have under, or that may be conferred upon them by, the provisions of Section 1542 of the California Civil Code, or any other law of any state or territory that is similar, comparable or equivalent to Section 1542, to the fullest extent they may lawfully waive such rights.

I. Class Representatives represent and warrant that they are the sole and exclusive owners of all claims that they personally are releasing under this Agreement. Class Representatives further acknowledge that they have not assigned, pledged, or in any manner whatsoever, sold, transferred, assigned or encumbered any right, title, interest or claim arising out of or in any way whatsoever pertaining to the Actions, including without limitation, any claim for benefits, proceeds or value under the Actions, and that Class Representatives are not aware of anyone other than themselves claiming any interest, in whole or in part, in the Actions or in any benefits, proceeds or values under the Actions. Class Members submitting a Claim Form shall represent and warrant therein that they are the sole and exclusive owner of all claims that they personally are releasing under the Settlement and that they have not assigned, pledged, or in any manner whatsoever, sold, transferred, assigned or encumbered any right, title, interest

or claim arising out of or in any way whatsoever pertaining to the Actions, including without limitation, any claim for benefits, proceeds or value under the Actions, and that such Class Member(s) are not aware of anyone other than themselves claiming any interest, in whole or in part, in the Actions or in any benefits, proceeds or values under the Actions.

J. Without in any way limiting its scope, and, except to the extent otherwise specified in the Agreement, this Release covers by example and without limitation, any and all claims for attorneys' fees, costs, expert fees, or consultant fees, interest, or litigation fees, costs or any other fees, costs, and/or disbursements incurred by any attorneys, Plaintiffs' Class Counsel, Allocation Counsel, Class Representatives, Plaintiffs or Class Members who claim to have assisted in conferring the benefits under this Settlement upon the Class.

K. In consideration for the Settlement, Toyota and its past or present officers, directors, employees, agents, attorneys, predecessors, successors, affiliates, subsidiaries, divisions, and assigns shall be deemed to have, and by operation of the Final Approval Order shall have, released Plaintiffs' Class Counsel and each current and former Plaintiffs and Class Representatives from any and all causes of action that were or could have been asserted pertaining solely to the conduct in filing and prosecuting the litigation or in settling the Action.

L. Class Representatives, Plaintiffs' Class Counsel and any other attorneys who receive attorneys' fees and costs from this Settlement acknowledge that they have conducted sufficient independent investigation and discovery to enter into this Settlement Agreement and, by executing this Settlement Agreement, state that they have not relied upon any statements or representations made by the Released Parties or any person or entity representing the Released Parties, other than as set forth in this Settlement Agreement.

M. The Parties specifically understand that there may be further pleadings, discovery requests and responses, testimony, or other matters or materials owed by the Parties pursuant to existing pleading requirements, discovery requests, or pretrial rules, procedures, or orders, and that, by entering into this Agreement, the Parties expressly waive any right to receive, hear, or inspect such pleadings, testimony, discovery, or other matters or materials.

N. Nothing in this Release shall preclude any action to enforce the terms of the Agreement, including participation in any of the processes detailed herein.

O. Class Representatives and Plaintiffs' Class Counsel hereby agree and acknowledge that the provisions of this Release together constitute an essential and material term of the Agreement and shall be included in any Final Order and Final Judgment entered by the Court.

VII. ATTORNEYS' FEES AND EXPENSES AND INDIVIDUAL PLAINTIFF AND CLASS REPRESENTATIVE AWARDS

A. After agreeing to the principal terms set forth in this Settlement Agreement, Plaintiffs' Class Counsel and Toyota's Negotiating Counsel negotiated the amount of Attorneys' Fees and Expenses that, following application to the Court and subject to Court approval, would be paid as the fee award and costs award to plaintiffs' counsel. As a result of negotiations, Plaintiffs' Class Counsel agrees to make on behalf of all plaintiffs' counsel, and Toyota agrees

not to oppose, an application for an award of Attorneys' Fees and Expenses in the Actions in the amount of \$200 million in fees, plus up to an additional \$27 million in expenses incurred prior to the Fairness Hearing in the Actions. This award shall be the sole compensation paid by Toyota for all plaintiffs' counsel in the Actions and/or for work incurred that inured to the benefit of the Class.

B. Toyota shall pay to Plaintiffs' Class Counsel the entire Attorneys' Fees and Expenses awarded by the Court not later than 30 days after the later of the Final Effective Date or the expiration of any appeal period or the resolution of any and all appeals relating to the Attorneys' Fees and Expenses award or incentive awards. The Attorneys' Fees and Expenses awarded by the Court and payable to Plaintiffs' Class Counsel shall not be paid from the settlement funds provided for in Section II above. In the event that the Court awards an amount less than \$200 million in fees and up to \$27 million in expenses to be paid in Attorneys' Fees and Expenses, Toyota agrees to pay the remainder to the Automobile Safety and Education Program fund, as provided for in Section II(A)(6).

C. The Attorneys' Fees and Expenses paid by Toyota as provided for in this Agreement shall be allocated by Plaintiffs' Class Counsel among other plaintiffs' counsel in a manner that Plaintiffs' Class Counsel in good faith believes reflects the contributions of plaintiffs' counsel to the prosecution and settlement of the claims against Toyota in the Action. The allocation among counsel shall be approved by the Court, and Plaintiffs' Class Counsel shall distribute the Attorneys' Fees and Expenses as directed by the Court. These Attorneys' Fees and Expenses will go to 25 plaintiffs' firms and approximately 85 attorneys who worked on the litigation.

D. The proceedings for the Court to determine the amount of Attorneys' Fees and Expenses to award and the Court's award of any Attorneys' Fees and Expenses are to be considered by the Court separately from the Court's consideration of the fairness, reasonableness, and adequacy of the Settlement. The Attorneys' Fees and Expenses awarded shall be set forth in a fee and expense award separate from the Final Order and Final Judgment so that any appeal of one shall not constitute an appeal of the other. Any order or proceedings relating to the Attorneys' Fees and Expenses application, or any appeal from any order related thereto, or reversal or modification thereof, will not operate to terminate or cancel this Agreement, or affect or delay the Final Effective Date.

E. Plaintiffs' Class Counsel may petition the Court for incentive awards of up to \$100.00 per hour per Plaintiff and per Class Representative for their time in connection with the Actions, with a \$2,000 minimum award. The purpose of such awards shall be to compensate the Plaintiffs and Class Representatives for efforts undertaken by them on behalf of the Class. Any incentive awards made by the Court shall be paid by Toyota, as directed by the Court, within the later of 30 days of the Final Effective Date or the expiration of any appeal period or the resolution of any and all appeals relating to the Attorneys' Fees and Expenses award or incentive awards. Any disputes regarding the amount of time for which Plaintiffs' Class Counsel are seeking compensation for Plaintiffs and Class Representatives shall be resolved by the Settlement Special Master in writing, whose decision will be final and binding as to the Parties, although subject to review by the Court.

F. Toyota shall not be liable for, or obligated to pay, any fees, expenses, costs, or disbursements to any person or entity, either directly or indirectly, in connection with the Actions or the Agreement, other than as set forth in this Section VII.

**VIII. PRELIMINARY APPROVAL ORDER, FINAL ORDER, FINAL JUDGMENT
AND RELATED ORDERS**

A. The Parties shall seek from the Court, within 14 days after the execution of this Agreement, a Preliminary Approval Order in a form substantially similar to Exhibit 7. The Preliminary Approval Order shall, among other things:

1. Certify a nationwide settlement-only Class, approve plaintiffs as Class Representatives and appoint Plaintiffs' Class Counsel as counsel for the class, pursuant to Fed. R. Civ. P. 23;

2. Preliminarily approve the Settlement;

3. Require the dissemination of the Notice and the taking of all necessary and appropriate steps to accomplish this task;

8. Require Class Members who wish to appear to object to this Agreement to submit an appropriate and timely written statement as directed in the Agreement and Long Form Notice;

12. Appoint the Class Action Settlement Administrator and the Settlement Notice Administrator;

13. Authorize Toyota to take all necessary and appropriate steps to establish the means necessary to implement the Agreement; and

14. Issue other related orders to effectuate the preliminary approval of the Agreement.

B. After the Fairness Hearing, the Parties shall seek to obtain from the Court a Final Order and Final Judgment in the forms substantially similar to Exhibits 5 and 6, respectively. The Final Order and Final Judgment shall, among other things:

1. Find that the Court has personal jurisdiction over all Plaintiffs and Class Members, that the Court has subject matter jurisdiction over the claims asserted in the TAMCC and the Actions, and that venue is proper;

2. Finally approve the Agreement and Settlement, pursuant to Fed. R. Civ. P. 23;

3. Finally certify the Class for settlement purposes only;

4. Find that the notice and the notice dissemination methodology complied with all laws, including, but not limited to, the Due Process Clause of the United States Constitution;
5. Dismiss the Actions, including the Actions listed on Exhibit 1, with prejudice and without costs (except as provided for herein as to costs);
6. Incorporate the Release set forth in the Agreement and make the Release effective as of the date of the Final Order and Final Judgment;
7. Issue a permanent injunction;
8. Authorize the Parties to implement the terms of the Agreement;
9. Retain jurisdiction relating to the administration, consummation, enforcement, and interpretation of the Agreement, the Final Order and Final Judgment, and for any other necessary purpose; and
10. Issue related Orders to effectuate the final approval of the Agreement and its implementation.

IX. MODIFICATION OR TERMINATION OF THIS AGREEMENT

A. The terms and provisions of this Agreement may be amended, modified, or expanded by written agreement of the Parties and approval of the Court; provided, however, that after entry of the Final Order and Final Judgment, the Parties may by written agreement effect such amendments, modifications, or expansions of this Agreement and its implementing documents (including all exhibits hereto) without further notice to the Class or approval by the Court if such changes are consistent with the Court's Final Order and Final Judgment and do not limit the rights of Class Members under this Agreement.

B. This Agreement shall terminate at the discretion of either Toyota or the Class Representatives, through Plaintiffs' Class Counsel, if: (1) the Court, or any appellate court(s), rejects, modifies, or denies approval of any portion of this Agreement or the proposed Settlement

that the terminating party in its (or their) sole judgment and discretion reasonably determine(s) is material, including, without limitation, the terms of relief, the findings, or conclusions of the Court, the provisions relating to notice, the definition of the Class, and/or the terms of the Release; or (2) the Court, or any appellate court(s), does not enter or completely affirm, or alters, narrows or expands, any portion of the Final Order and Judgment, or any of the Court's findings of fact or conclusions of law, that the terminating party in its (or their) sole judgment and discretion reasonably determine(s) is material. The terminating party must exercise the option to withdraw from and terminate this Agreement, as provided in this Section IX, by a signed writing served on the other Parties no later than 20 days after receiving notice of the event prompting the termination. The Parties will be returned to their positions status quo ante.

C. Toyota shall have the right, but not the obligation, to terminate this Agreement if the total number of timely and valid requests for exclusion exceed 25,000 putative class members.

D. If an option to withdraw from and terminate this Agreement arises under Section IX(B) above, neither Toyota nor Class Representatives are required for any reason or under any circumstance to exercise that option and any exercise of that option shall be in good faith.

E. If, but only if, this Agreement is terminated pursuant to Section IX(B), above, then:

1. This Agreement shall be null and void and shall have no force or effect, and no Party to this Agreement shall be bound by any of its terms, except for the terms of Section IX(D) herein;

2. The Parties will petition the Court to have any stay orders entered pursuant to this Agreement lifted;

3. All of its provisions, and all negotiations, statements, and proceedings relating to it shall be without prejudice to the rights of Toyota, Class Representatives, Plaintiffs or any Class Member, all of whom shall be restored to their respective positions existing immediately before the execution of this Agreement, except that the Parties shall cooperate in requesting that the Court set a new scheduling order such that no Party's substantive or procedural rights is prejudiced by the settlement negotiations and proceedings;

4. Released Parties expressly and affirmatively reserve all defenses, arguments, and motions as to all claims that have been or might later be asserted in the Actions, including, without limitation, the argument that the Actions may not be litigated as a class action;

5. Class Representatives, Plaintiffs and all other Class Members, on behalf of themselves and their heirs, assigns, executors, administrators, predecessors, and successors, expressly and affirmatively reserve and do not waive all motions as to, and arguments in support of, all claims, causes of actions or remedies that have been or might later be asserted in the Actions including, without limitation, any argument concerning class certification, and treble or other damages;

6. Toyota, and the other Released Parties expressly and affirmatively reserve and do not waive all motions and positions as to, and arguments in support of, all defenses to the causes of action or remedies that have been sought or might be later asserted in the actions, including without limitation, any argument or position opposing class certification, liability or damages;

Neither Plaintiffs nor Plaintiffs' Class Counsel shall be responsible for any of these costs or other settlement-related costs;

10. Any attorneys' fees and expenses previously paid to Plaintiffs' Class Counsel shall be returned to Toyota; and

11. Notwithstanding the terms of this paragraph, if Settlement is not consummated, Plaintiffs' Class Counsel may include any time spent in Settlement efforts as part of any statutory fee petition filed at the conclusion of the case, and Toyota reserves the right to object to the reasonableness of such requested fees.

X. GENERAL MATTERS AND RESERVATIONS

A. Toyota has denied and continues to deny each and all of the claims and contentions alleged in the Actions, and has denied and continues to deny that it has committed any violation of law or engaged in any wrongful act that was alleged, or that could have been alleged, in the Actions. Toyota believes that it has valid and complete defenses to the claims asserted against it in the Actions and denies that it committed any violations of law, engaged in any unlawful act or conduct, or that there is any basis for liability for any of the claims that have been, are, or might have been alleged in the Actions. Without in any way limiting the scope of this denial, Toyota denies that there is any defect in its ETCS. Nonetheless, Toyota has concluded that it is desirable that the Actions be fully and finally settled in the matter and upon the terms and conditions set forth in this Agreement.

B. The obligation of the Parties to conclude the proposed Settlement is and shall be contingent upon each of the following:

1. Entry by the Court of the Final Order and Final Judgment approving the Settlement, from which the time to appeal has expired or which has remained unmodified after any appeal(s); and

2. Any other conditions stated in this Agreement.

C. The Parties and their counsel agree to keep the existence and contents of this Agreement confidential until the date on which the Motion for Preliminary Approval is filed; provided, however, that this Section shall not prevent Toyota from disclosing such information, prior to the date on which the Motion for Preliminary Approval is filed, to state and federal agencies, independent accountants, actuaries, advisors, financial analysts, insurers or attorneys, nor shall it prevent Toyota from disclosing such information based on the substance of this Agreement. Nor shall it prevent the Parties and their counsel from disclosing such information to persons or entities (such as experts, courts, co-counsel, and/or administrators) to whom the Parties agree disclosure must be made in order to effectuate the terms and conditions of this Agreement.

D. Class Representatives and Plaintiffs' Class Counsel agree that the confidential information made available to them solely through the settlement process was made available, as agreed to, on the condition that neither Class Representatives nor their counsel may disclose it to third parties (other than experts or consultants retained by Class Representatives in connection with the Actions); that it not be the subject of public comment; that it not be used by Class Representatives or Plaintiffs' Class Counsel in any way in this litigation or otherwise should the Settlement not be achieved, and that it is to be returned if a Settlement is not concluded;

provided, however, that nothing contained herein shall prohibit Class Representatives from seeking such information through formal discovery if not previously requested through formal discovery or from referring to the existence of such information in connection with the Settlement of the Actions.

E. Information provided by Toyota, Toyota's Negotiating Counsel, and/or the Settlement Special Master to Class Representatives, Plaintiffs' Class Counsel, any individual Class Member, counsel for any individual Class Member, and/or administrators, pursuant to the negotiation and implementation of this Agreement, includes trade secrets and highly confidential and proprietary business information and shall be deemed "Highly Confidential" pursuant to the protective orders that have been or will be entered in the Actions, and shall be subject to all of the provisions thereof. Any materials inadvertently produced shall, upon Toyota's request, be promptly returned to Toyota's Negotiating Counsel, and there shall be no implied or express waiver of any privileges, rights and defenses.

F. Within 90 days after the Final Effective Date (unless the time is extended by agreement of the Parties), Plaintiffs' Class Counsel, and any expert or other consultant employed by them in such capacity or any other individual with access to documents provided by Toyota, and/or Toyota's Negotiating Counsel, and/or the Settlement Special Master to Plaintiffs' Class Counsel shall either: (i) return to Toyota's Negotiating Counsel, all such documents and materials (and all copies of such documents in whatever form made or maintained) produced during the settlement process by Toyota and/or Toyota's Negotiating Counsel, and/or the Settlement Special Master and any and all handwritten notes summarizing, describing or referring to such documents; or (ii) certify to Toyota's Negotiating Counsel that all such documents and materials (and all copies of such documents in whatever form made or

maintained) produced by Toyota, and/or Toyota's Negotiating Counsel, and/or the Settlement Special Master and any and all handwritten notes summarizing, describing or referring to such documents have been destroyed, provided, however, that this Section X shall not apply to any documents made part of the record in connection with a Claim, nor to any documents made part of a Court filing, nor to Plaintiffs' Class Counsel's work product. Six months after the distribution of the settlement funds to Class Members who submitted valid Claim Forms, the Class Action Settlement Administrator shall return or destroy all documents and materials to Toyota and/or Toyota's Negotiating Counsel and/or Plaintiffs' Class Counsel that produced the documents and materials, except that it shall not destroy any and all Claim Forms, including any and all information and/or documentation submitted by Class Members. Nothing in this Agreement shall affect any confidentiality order or protective order in the Action.

G. J. The Parties acknowledge and agree that no opinion concerning the tax consequences of the proposed Settlement to Class Members is given or will be given by the Parties, nor are any representations or warranties in this regard made by virtue of this Agreement. Each Class Member's tax obligations, and the determination thereof, are the sole responsibility of the Class Member, and it is understood that the tax consequences may vary depending on the particular circumstances of each individual Class Member.

K. Toyota represents and warrants that the individual(s) executing this Agreement is authorized to enter into this Agreement on behalf of Toyota.

R. The Class, Plaintiffs, Plaintiffs’ Class Counsel, Toyota and/or Toyota’s Negotiating Counsel shall not be deemed to be the drafter of this Agreement or of any particular provision, nor shall they argue that any particular provision should be construed against its drafter. All Parties agree that this Agreement was drafted by counsel for the Parties during extensive arm’s length negotiations. No parol or other evidence may be offered to explain, construe, contradict, or clarify its terms, the intent of the Parties or their counsel, or the circumstances under which this Agreement was made or executed.

S. The Parties expressly acknowledge and agree that this Agreement and its exhibits, along with all related drafts, motions, pleadings, conversations, negotiations, and correspondence, constitute an offer of compromise and a compromise within the meaning of Federal Rule of Evidence 408 and any equivalent rule of evidence in any state. In no event shall this Agreement, any of its provisions or any negotiations, statements or court proceedings relating to its provisions in any way be construed as, offered as, received as, used as, or deemed to be evidence of any kind in the Actions, any other action, or in any judicial, administrative, regulatory or other proceeding, except in a proceeding to enforce this Agreement or the rights of the Parties or their counsel. Without limiting the foregoing, neither this Agreement nor any related negotiations, statements, or court proceedings shall be construed as, offered as, received as, used as or deemed to be evidence or an admission or concession of any liability or wrongdoing whatsoever on the part of any person or entity, including, but not limited to, the Released Parties, Plaintiffs, or the Class or as a waiver by the Released Parties, Plaintiffs or the Class of any applicable privileges, claims or defenses.

T. Plaintiffs expressly affirm that the allegations contained in the TAMCC were made in good faith, but consider it desirable for the Actions to be settled and dismissed because of the substantial benefits that the proposed settlement will provide to Class Members.

U. The Parties, their successors and assigns, and their counsel undertake to implement the terms of this Agreement in good faith, and to use good faith in resolving any disputes that may arise in the implementation of the terms of this Agreement.

V. The waiver by one Party of any breach of this Agreement by another Party shall not be deemed a waiver of any prior or subsequent breach of this Agreement.

W. If one Party to this Agreement considers another Party to be in breach of its obligations under this Agreement, that Party must provide the breaching Party with written notice of the alleged breach and provide a reasonable opportunity to cure the breach before taking any action to enforce any rights under this Agreement.

X. The Parties, their successors and assigns, and their counsel agree to cooperate fully with one another in seeking Court approval of this Agreement and to use their best efforts to effect the prompt consummation of this Agreement and the proposed Settlement.

Y. This Agreement may be signed with a facsimile signature and in counterparts, each of which shall constitute a duplicate original.

Z. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision if Toyota, on behalf of Defendants, and Plaintiffs' Class Counsel, on behalf of Class Representatives and Class Members, mutually agree in writing to proceed as if such invalid, illegal, or unenforceable provision had never been included in this Agreement. Any such agreement shall be reviewed and approved by the Court before it becomes effective.

Exhibit 4

Notice of Pendency and Proposed Settlement of Class Action Involving Certain Toyota, Lexus and Scion Vehicles

Para ver este aviso en español, visita [www.\[website\]](#)

A. BASIC INFORMATION

1. What is this Notice about?

A Court authorized this Notice because you may have a right to know about a proposed settlement of a class action lawsuit and about all of your options and associated deadlines before the Court decides whether to give final approval to the settlement. The name of the lawsuit is *In re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation*, Case No. 8:10ML2151 JVS (FMOx). The defendants are Toyota Motor Corporation and Toyota Motor Sales, U.S.A., Inc. (together “Toyota”). This Notice explains the lawsuit, the settlement, and your legal rights. You are NOT being sued. The Court still has to decide whether to finally approve the settlement. Payments and other benefits will be distributed only if the Court finally approves the settlement and after any appeals are resolved in favor of the settlement. Please be patient and check the website identified in this Notice regularly. Please do not contact Toyota, Lexus, and/or Scion dealers as the Court has ordered that all questions be directed to the Class Action Settlement Administrator.

***Your legal rights may be affected even if you do not act.
Please read this Notice carefully.***

DO NOTHING	You may not receive certain settlement benefits that you may otherwise be eligible for and you give up the right to sue Toyota about the issues in the lawsuit.	

2. What is the lawsuit about?

The class action lawsuit claims that certain Toyota, Scion and Lexus vehicles equipped with electronic throttle control systems ("ETCS") are defective and can experience acceleration that is unintended by the driver. As a result, the lawsuit pursues claims for breach of warranties, unjust enrichment, and violations of various state consumer protection statutes, among other claims. You can read the Third Amended Economic Loss Master Consolidated Complaint by visiting [www.\[website\]](http://www.website). Toyota denies that it has violated any law, denies that it engaged in any wrongdoing, and denies that there is any defect in its ETCS. The parties agreed to resolve these matters before these issues were decided by the Court.

This settlement does not involve claims of personal injury or property damage.

3. What vehicles are included in the settlement?

The following Toyota, Lexus, and Scion vehicles (called the "Subject Vehicles") equipped or installed with an ETCS distributed for sale or lease in the United States, the District of Columbia, Puerto Rico and all other United States territories and/or possessions are included:

4. Why is this a class action?

In a class action, people called “class representatives” sue on behalf of other people who have similar claims. All of these people together are the “Class” or “Class Members” if the Court approves this procedure. Then, that Court resolves the issues for all Class Members, except for those who exclude themselves from the Class.

5. Why is there a settlement?

Both sides in the lawsuit agreed to a settlement to avoid the cost and risk of further litigation, including a potential trial, and so that the Class Members can get benefits, in exchange for releasing Toyota from liability. The settlement does not mean that Toyota broke any laws and/or did anything wrong, and the Court did not decide which side was right. The settlement here has been preliminarily approved by the Court, which authorized the issuance of this Notice. The Class Representatives and the lawyers representing them (called “Class Counsel”) believe that the settlement is in the best interests of all Class Members.

The essential terms of the settlement are summarized in this Notice. The Settlement Agreement along with all exhibits and addenda sets forth in greater detail the rights and obligations of the parties. If there is any conflict between this Notice and the Settlement Agreement, the Settlement Agreement governs.

B. WHO IS IN THE SETTLEMENT?

To see if you are affected or if you can get money or benefits, you first have to determine whether you are a Class Member.

6. How do I know if I am part of the settlement?

You are part of the settlement if you are a person, entity or organization who, at any time before [date of Preliminary Approval Order], own or owned, purchase(d), lease(d) and/or insure(d) the residual value as a Residual Value Insurer of a Subject Vehicle equipped or installed with an ETCS distributed for sale or lease in any of the fifty States, the District of Columbia, Puerto Rico and all other United States territories and/or possessions. This is called the “Class.” Please note that, if you are a Class Member, you do not need to currently own, lease or insure, as a Residual Value Insurer, the residual value of a Subject Vehicle to

QUESTIONS? CALL TOLL FREE [NUMBER] OR VISIT WWW.[WEBSITE]

PLEASE DO NOT CALL THE JUDGE OR THE CLERK OF COURT

be part of the settlement.

Excluded from the Class are: (a) Toyota, their officers, directors and employees; their affiliates and affiliates' officers, directors and employees; their distributors and distributors' officers, directors and employees; and Toyota Dealers and Toyota Dealers' officers and directors; (b) Plaintiffs' Class Counsel, Allocation Counsel and their employees; (c) judicial officers and their immediate family members and associated court staff assigned to this case; and (d) persons or entities who or which timely and properly exclude themselves from the Class.

7. I'm still not sure if I'm included in the settlement.

If you are not sure whether you are included in the Class, you may call [toll free number of Class Action Settlement Administrator]. Please do not contact Toyota, Lexus, and/or Scion or dealers as the Court has ordered that all questions be directed to the Class Action Settlement Administrator.

C. THE SETTLEMENT BENEFITS—WHAT YOU GET AND HOW TO GET IT

8. What does the settlement provide?

If you are a Class Member, what you are eligible to receive depends on several factors, including, among other things, the model and model year of your vehicle, whether you still own, lease or insure the residual value of the vehicle, and the state of your residence. The settlement benefits are outlined generally below, but more information can be found at the settlement website. The Court still has to decide whether to finally approve the settlement. Benefits will be provided only if the Court finally approves the settlement and, for some benefits, only after any appeal period expires or any appeals are resolved in favor of the settlement. We do not know when the Court will finally approve the settlement if it does so or whether there will be any appeals that would have to be resolved in favor of the settlement before certain benefits would be provided, so we do not know precisely when any benefits may be available. Please check [settlement website] regularly for updates regarding the settlement.

Please note that you may have to take action within certain deadlines to receive certain benefits, such as completing and submitting a claim form. If you do nothing, you may not receive certain benefits from the settlement, and, as a Class Member, you will not be able to sue Toyota about the issues in the lawsuit.

a. Money Payment to Certain Former Owners or Lessors and Residual Value Insurers.

If the settlement is finally approved (including any appeals resolved in favor of the settlement), Toyota will pay \$250 million into a fund for distribution to eligible Class Members who: (a) sold or traded in an owned Subject Vehicle during the period September 1, 2009 to December 31, 2010, inclusive; (b) returned a leased Subject Vehicle before the lease termination date during the period September 1, 2009 to December 31, 2010, inclusive; or (c) insured and/or guaranteed the residual value of a Subject Vehicle as of September 1, 2009, and with respect to such Subject Vehicle, thereafter either made payment to an insurer, or sold the Subject Vehicle, provided such payment or sale was made by a Residual Value Insurer on or before December 31, 2010; or (d) returned a leased Subject Vehicle before the lease termination date, after having reported an alleged unintended acceleration event(s) (as defined in the attached Claim Form) to Toyota, an authorized Toyota Dealer or the National Highway Traffic Safety Administration (“NHTSA”) before December 1, 2012; or (e) owned a Subject Vehicle that was declared a total loss by an insurer during the period from September 1, 2009 to December 31, 2010, inclusive.

Plaintiffs’ expert witness in the lawsuit identified the period September 1, 2009 to December 31, 2010 as a period in which the Subject Vehicles may have suffered a loss in value due to publicity associated with certain of the Subject Vehicles. This fund will be distributed to eligible Class Members according to a Plan of Allocation that is available at the settlement website. Your payment may range from \$ [] to \$ [] [numbers to be inserted at time of mailing], depending on the make, model, and model year of the Subject Vehicle, when you sold or returned the Subject Vehicle, the state in which you reside, the number of claims submitted, and other adjustments and deductions. It is possible that your payment will be lower, however. Please refer to the Plan of Allocation at [settlement website] in order to obtain more details.

By no later than February 15, 2013, you will be able to visit [website], enter certain information and get additional information about the settlement benefits, including this fund.

If the fund amount is insufficient to cover all claims, payments will be reduced on a pro-rata basis. Please note, if any money remains in the fund, it will be applied as follows: half to reimburse any costs associated with notice and administration of the settlement and half to the automobile safety research and education fund described below in section 8(e) until Toyota’s notice and administration costs are fully reimbursed and then 100% to the automobile safety research and education fund described below.

**QUESTIONS? CALL TOLL FREE [NUMBER] OR VISIT WWW.[WEBSITE]
PLEASE DO NOT CALL THE JUDGE OR THE CLERK OF COURT**

Important: In order to receive money from this fund, eligible Class Members must complete and submit the proper Claim Form **on or before [date]**. If you are an eligible Class Member, you can complete and submit a Claim Form online at [www.\[website\]](#). Alternatively, if you are an eligible Class Member, you can obtain a Claim Form from the settlement website, print it out, complete it, and mail it on or before **[date]** to the settlement administrator at **[contact and address]**. Class Members submitting Claim Forms must timely provide all information requested on the Claim Form in order to demonstrate eligibility to receive a payment.

b. Brake Override System Installation.

If the settlement is finally approved, Class Members who currently own or lease the Subject Vehicles specified below may have a brake override system installed on their vehicle at no cost to them. The brake override system will automatically reduce engine power when the brake pedal and the accelerator pedal are applied simultaneously under certain driving conditions. Toyota will begin to offer this benefit over time, beginning after final approval by the Court.

If you are eligible for this benefit, to take advantage of it, you need only take your vehicle to a Toyota/Lexus authorized dealer. This benefit is available for two years from the date Toyota gives notice on [\[website\]](#) that the brake override system is available for a particular eligible Subject Vehicle – so please check [\[settlement website\]](#) regularly for updates. You must still own or lease and possess your vehicle at the time you seek the brake override system. However, this benefit will be automatically transferred with the eligible Subject Vehicle. Inoperable vehicles and vehicles with a salvaged, rebuilt or flood-damaged title are not eligible to receive a brake override system.

If the settlement is approved, the following non-hybrid models equipped with ETCS are eligible for a brake override system as part of this settlement:

Toyota Models	Model Years
4Runner	2003-2009
Corolla	2009-2010

In addition, Toyota previously offered to install a brake override system on the following non-hybrid models equipped with ETCS; these models are eligible to receive this brake override system without any deadline if you did not previously have it installed. Toyota will also send a reminder to current owners or lessees who did not already have the brake override system installed on their Subject Vehicles.

In addition, hybrid Subject Vehicles already have something called Parts Protection Logic that, among other things, performs a similar function as a brake override system.

c. Money Payment to Eligible Current Owners and Lessees In Lieu of Offer of Brake Override System Installation.

If the settlement is finally approved (including any appeals resolved in favor of the settlement), Toyota will pay \$250 million into a fund for distribution to eligible Class Members who still own or lease their Subject Vehicles, unless (a) their Subject Vehicle is a hybrid vehicle; (b) they already actually received a brake override system installation on their Subject Vehicle; or (c) they are eligible for the brake override system on their Subject Vehicles described above in section 8(b). This fund will be distributed according to a Plan of Allocation that is available at the settlement website. Eligible Class Members' payments may range from \$37 to \$125, depending on the state in which you reside, the number of claims submitted, and other adjustments and deductions. It is possible that payments will be lower, however, or may be higher, depending upon the number of Claims submitted and other factors, but in no event will exceed \$125. Please refer to the Plan of Allocation at [website] in order to obtain more details.

By no later than February 15, 2013, you will be able to visit [website], enter certain information and get additional information about the settlement benefits, including this fund.

¹ Toyota will continue to install the brake override system on Sequoia vehicles that have not yet received the brake override system, up to the end-date of the current Sequoia limited service campaign of October 31, 2013.

Please note, if the fund amount is insufficient to cover all claims, payments will be reduced on a pro-rata basis. If any money remains in the fund, it will be applied in the same manner described above in section 8(a).

Important: *In order to receive money from this fund, eligible Class Members must complete and submit the applicable Claim Form on or before [redacted].* If you are an eligible Class Member, you can complete and submit the Claim Form online at [www.\[website\]](http://www.[website]). Alternatively, if you are an eligible Class Member, you can obtain the Claim Form from the settlement website, print it out, complete it, and mail it on or before [date] to the settlement administrator at [contact and address]. Class Members submitting Claim Forms must timely provide all information requested on the Claim Form in order to demonstrate eligibility to receive a payment.

d. Customer Support Program.

If the settlement is finally approved, for Class Members who still possess their Subject Vehicles, Toyota will implement a Customer Support Program that will stand by the reliability of the vehicles by providing prospective coverage for repairs and adjustments needed to correct defects, if any, in materials or workmanship in certain parts associated with the vehicle's operation at no cost to the owner or lessee if any of those parts fail, break, or malfunction. The Customer Support Program will last for ten (10) years after the expiration of any existing warranty for each of the covered parts, subject to a maximum limit of 150,000 miles, except that each eligible vehicle will receive no less than three (3) years of coverage from the date of final settlement approval (regardless of when the underlying warranty expires and your vehicle's mileage), if the Court finally approves the settlement. The covered parts are the: (i) engine control module; (ii) cruise control switch; (iii) accelerator pedal assembly; (iv) stop lamp switch; and (v) throttle body assembly. The Customer Support Program is transferable with the Subject Vehicle.

If you are a Class Member who is eligible for the Customer Support Program, you need not take any action in order to be eligible to participate in the Customer Support Program. If a covered part fails, breaks, or malfunctions due to a defect in materials or workmanship from the date of final approval through the end of the Customer Service Program, you should take your vehicle to a Toyota/Lexus/Scion authorized dealer for repair or adjustment under the Customer Support Program.

If you received a post-card notifying you of the proposed settlement, you should tear off the portion referring to the Customer Support Program and place it in your vehicle's glove box. You also can obtain a document summarizing the Customer Support Program at [settlement website]. You do not need to have the summary to receive the benefits of the Customer

Support Program, but it may serve as a reminder to you in the event any covered part fails, breaks or malfunctions. Inoperable vehicles and vehicles with a salvaged, rebuilt or flood-damaged title are not eligible for the Customer Support Program.

e. Automobile Safety and Education Program Payment.

If the settlement is finally approved (including any appeals resolved in favor of the settlement), Toyota will pay \$30,000,000 to fund a program for automobile safety and education related to issues in the lawsuit. Toyota's payment will be divided between contributions to university-based automobile/transportation research and an education/information program for automobile drivers. Contributions to the university programs will be for the purposes of researching issues to develop advances in active safety features, vehicle control and driver attention. The education/information program will consist of an education campaign focused on driver safety. If amounts remain from the settlement funds identified above in sections 8(a) and 8(c), any future money contributed to research and education programs will be divided for the same purposes as outlined above. More details on the Automobile Safety and Education Program can be found at [settlement website.].

9. What am I giving up in exchange for the settlement benefits?

If the settlement becomes final, Class Members who do not exclude themselves from the Class will release Toyota from liability and will not be able to sue Toyota about the issues in the lawsuit. The Settlement Agreement at section VI describes the released claims in necessary legal terminology, so read it carefully. For ease of reference, we also attach the full release section in Appendix A to this Notice. The Settlement Agreement is available at [www.\[website\]](http://www.[website]). You can talk to one of the lawyers listed in Question 15 below for free or you can, of course, talk to your own lawyer at your own expense if you have questions about the released claims or what they mean.

D. EXCLUDING YOURSELF FROM THE SETTLEMENT

If you want to keep the right to sue or continue to sue Toyota over the legal issues in the lawsuit, then you must take steps to get out of this settlement. This is called asking to be excluded from the Class, also referred to as "opting out" of the Class.

10. If I exclude myself, can I get anything from this settlement?

QUESTIONS? CALL TOLL FREE [NUMBER] OR VISIT [WWW.\[WEBSITE\]](http://WWW.[WEBSITE])
PLEASE DO NOT CALL THE JUDGE OR THE CLERK OF COURT

If you exclude yourself, you cannot get settlement benefits. If you ask to be excluded, you cannot object to the settlement. But, if you timely and properly request exclusion, the settlement will not prevent you from suing, continuing to sue or remaining or becoming part of a different lawsuit against Toyota in the future about the issues in the lawsuit. If you exclude yourself, you will not be bound by anything that happens in this lawsuit and you may not object to the settlement.

11. If I don't exclude myself, can I sue later?

Unless you exclude yourself, you give up the right to sue Toyota for the claims resolved by this settlement. If the settlement is finally approved, you will be permanently enjoined and barred from initiating or continuing any lawsuit or other proceeding against Toyota about the issues in the lawsuit.

12. How do I get out of the settlement?

To exclude yourself from the settlement, you **must** send a letter by mail saying that you want to be excluded from the settlement in *In re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation* and mention the case number (No. 8:10ML2151 JVS (FMOx)). In the letter, you **must** include your name, address, year, make, model, and VIN number of your vehicle, your telephone number, and your signature. You can't ask to be excluded over the phone or at [settlement website]. You **must** mail your exclusion request postmarked no later than [date] to:

[contact and address]

Your exclusion request must be received by [contact] no later than [date] to be considered by the Court. The deadlines found in this Notice may be changed by the Court. Please check [www.settlement website](http://www.settlementwebsite) regularly for updates regarding the settlement.

E. THE LAWYERS REPRESENTING YOU

13. Do I have a lawyer in the case?

Yes. The Court has appointed lawyers to represent you and other Class Members. These lawyers are called "Class Counsel": Steve W. Berman at Hagens Berman Sobol Shapiro LLP; Marc M. Seltzer at Susman Godfrey L.L.P.; and Frank M. Pitre at Cotchett, Pitre & McCarthy. You will not be charged for these lawyers. If you want to be represented by another lawyer, you may hire one to appear in Court for you at your own expense.

QUESTIONS? CALL TOLL FREE [NUMBER] OR VISIT WWW.[WEBSITE]

PLEASE DO NOT CALL THE JUDGE OR THE CLERK OF COURT

14. How will the lawyers be paid?

Class Counsel will ask the Court for attorneys' fees not to exceed \$200 million, plus up to an additional \$27 million in costs and expenses. These fees and expenses will go to 25 plaintiffs' firms and approximately 85 attorneys who worked on the litigation. Class Counsel will ask for payments to each of the Plaintiffs and Class Representatives of \$100 per hour, with a minimum of \$2,000 award, for their time invested in connection with the Actions. The Court may award less than these amounts. If the Court awards less than the amounts requested for attorneys' fees and costs, Toyota agrees to pay the remainder to the automobile safety research and education fund. Toyota will separately make the payments that the Court orders up to the amounts identified in this paragraph after the settlement is finally approved (including any appeals resolved in favor of the settlement). These payments will not reduce the value of the settlement benefits made available to Class Members. Toyota will also separately pay these attorneys' fees and expenses and also will pay the costs to provide notice of and to administer the settlement, subject to potential reimbursement of these costs pursuant to the terms of the settlement.

F. OBJECTING TO THE SETTLEMENT

You can tell the Court if you don't agree with the settlement or some part of it.

15. How do I tell the Court if I don't like the settlement?

If you are a Class Member, and you don't exclude yourself from the Class, you can object to the settlement if you don't like some part of it. You can give reasons why you think the Court should not approve it. To object, you **must** send a written objection saying that you object to the settlement in *In re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation*, Case No. 8:10ML2151 JVS (FMOx) to Class Counsel and Toyota's Counsel at the address below so that the objection is received by Class Counsel and Toyota's Counsel no later than [date]. To have your objection considered by the Court, you also must file the objection with the Clerk of Court (identified below) so that it is received and filed no later than [date]. In your objection, you **must** provide the specific reason for your objection (including any legal support), any evidence or other information you wish to rely on, a statement of whether you intend to appear at the fairness hearing (discussed below), and information showing that you are a member of the Class, include a list of the Subject Vehicles to which your objection applies (with VIN number, and the make and model of each vehicle), your name, address, telephone number, your signature,

16. What's the difference between objecting and excluding?

Excluding yourself is telling the Court that you don't want to be part of the Class. If you exclude yourself, you have no basis to object because the settlement no longer affects you. Objecting is telling the Court that you don't like something about the settlement. You can object only if you stay in the Class.

If you are a Class Member and you do nothing, you will remain a Class Member and all of the Court's orders will apply to you, you will be eligible for the settlement benefits described above as long as you satisfy the conditions for receiving each benefit, and you will not be able to sue Toyota over the issues in the lawsuit.

G. THE COURT'S FAIRNESS HEARING

The Court will hold a hearing to decide whether to grant final approval to the settlement. If you have filed an objection on time and attend the hearing, you may ask to speak, but you don't have to attend or speak.

17. When and where will the Court decide whether to grant final approval of the settlement?

The Court will hold a Fairness Hearing at [] p.m. on [date] at the Ronald Reagan Federal

Building and United States District Court, Central District of California, 411 West Fourth Street, Santa Ana, CA 92701. At this hearing, the Court will consider whether the settlement is fair, reasonable, and adequate. If there are objections, the Court will consider them. The Court will only listen to people who have met the requirement to speak at the hearing (See Question 19 below). After the hearing, the Court will decide whether to grant final approval the settlement, and, if so, how much to pay the lawyers representing Class Members. We do not know how long these decisions will take.

18. Do I have to come to the hearing?

No. Class Counsel will answer any questions the Court may have. But you are welcome to come at your own expense. If you send an objection, you don't have to come to Court to talk about it – but you can if you provide advance notice of your intention to appear (See Question 19 below). As long as you filed a written objection with all of the required information on time with the Court and delivered it on time to Class Counsel and Toyota's Counsel, the Court will consider it. You may also pay another lawyer to attend, but it is not required.

19. May I speak at the hearing?

You or your attorney may ask the Court for permission to speak at the Fairness Hearing. To do so, you **must** send a letter saying that it is your “Notice of Intent to Appear in *In re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation*” to Class Counsel and Toyota's Counsel identified above in response to Question 15 so that they receive it no later than [date]. You must also file the document with the Clerk of Court so that it is received and filed no later than [date]. You **must** include your name, address, telephone number, the make and model and VIN number of your vehicle, and your signature. Anyone who has requested permission to speak must be present at the start of the Fairness hearing at [] p.m. on [date]. You cannot speak at the hearing if you excluded yourself from the Class.

Appendix A – Section VI from the Settlement Agreement – Release and Waiver

A. The Parties agree to the following release and waiver, which shall take effect upon entry of the Final Order and Final Judgment.

B. In consideration for the Settlement, Class Representatives, Plaintiffs and each Class Member, on behalf of themselves and any other legal or natural persons who may claim by, through or under them, agree to fully, finally and forever release, relinquish, acquit, discharge and hold harmless the Released Parties from any and all claims, demands, suits, petitions, liabilities, causes of action, rights, and damages of any kind and/or type regarding the subject matter of the Actions, including, but not limited to, compensatory, exemplary, punitive, expert and/or attorneys' fees or by multipliers, whether past, present, or future, mature, or not yet mature, known or unknown, suspected or unsuspected, contingent or non-contingent, derivative or direct, asserted or un-asserted, whether based on federal, state or local law, statute, ordinance, regulation, code, contract, common law, or any other source, or any claim of any kind related arising from, related to, connected with, and/or in any way involving the Actions, the Subject Vehicles, any and all claims involving the ETCS, any and all claims of unintended acceleration in any manner that are, or could have been, defined, alleged or described in the Economic Loss Master Consolidated Complaint, the Amended Economic Loss Master Consolidated Complaint, the Second Amended Economic Loss Master Consolidated Complaint, the Third Amended Economic Loss Master Consolidated Complaint, the TAMCC, the Actions or any amendments of the Actions, including, but not limited to, the design, manufacturing, advertising, testing, marketing, functionality, servicing, sale, lease or resale of the Subject Vehicles.

C. Notwithstanding the foregoing, Class Representatives, Plaintiffs and Class Members are not releasing claims for personal injury, wrongful death or actual physical property damage arising from an accident involving a Subject Vehicle.

D. The Final Order and Final Judgment will reflect these terms.

E. Class Representatives, Plaintiffs and Class Members expressly agree that this Release, the Final Order, and/or the Final Judgment is, will be, and may be raised as a complete defense to, and will preclude any action or proceeding encompassed by, this Release.

F. Class Representatives, Plaintiffs and Class Members shall not now or hereafter institute, maintain, prosecute, assert, and/or cooperate in the institution, commencement, filing, or prosecution of any suit, action, and/or proceeding, against the Released Parties, either directly or indirectly, on their own behalf, on behalf of a class or on behalf of any other person or entity with respect to the claims, causes of action and/or any other matters released through this Settlement.

G. In connection with this Agreement, Class Representatives, Plaintiffs and Class Members acknowledge that they may hereafter discover claims presently unknown or unsuspected, or facts in addition to or different from those that they now know or believe to be true concerning the subject matter of the Actions and/or the Release herein. Nevertheless, it is the intention of Plaintiffs' Class Counsel and Class Members in executing this Agreement fully, finally and forever to settle, release, discharge, and hold harmless all such matters, and all claims relating thereto which exist, hereafter may exist, or might have existed (whether or not previously or currently asserted in any action or proceeding) with respect to the Actions, except as otherwise stated in this Agreement.

H. Class Representatives expressly understand and acknowledge, and all Class Representatives, Plaintiffs and Class Members will be deemed by the Final Order and Final Judgment to acknowledge and waive Section 1542 of the Civil Code of the State of California, which provides that:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE

CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

Class Representatives, Plaintiffs and Class Members expressly waive and relinquish any and all rights and benefits that they may have under, or that may be conferred upon them by, the provisions of Section 1542 of the California Civil Code, or any other law of any state or territory that is similar, comparable or equivalent to Section 1542, to the fullest extent they may lawfully waive such rights.

I. Class Representatives represent and warrant that they are the sole and exclusive owners of all claims that they personally are releasing under this Agreement. Class Representatives further acknowledge that they have not assigned, pledged, or in any manner whatsoever, sold, transferred, assigned or encumbered any right, title, interest or claim arising out of or in any way whatsoever pertaining to the Actions, including without limitation, any claim for benefits, proceeds or value under the Actions, and that Class Representatives are not aware of anyone other than themselves claiming any interest, in whole or in part, in the Actions or in any benefits, proceeds or values under the Actions. Class Members submitting a Claim Form shall represent and warrant therein that they are the sole and exclusive owner of all claims that they personally are releasing under the Settlement and that they have not assigned, pledged, or in any manner whatsoever, sold, transferred, assigned or encumbered any right, title, interest or claim arising out of or in any way whatsoever pertaining to the Actions, including without limitation, any claim for benefits, proceeds or value under the Actions, and that such Class Member(s) are not aware of anyone other than themselves claiming any interest, in whole or in part, in the Actions or in any benefits, proceeds or values under the Actions.

J. Without in any way limiting its scope, and, except to the extent otherwise specified in the Agreement, this Release covers by example and without limitation, any and all claims for attorneys' fees, costs, expert fees, or consultant fees, interest, or litigation fees, costs or any other fees, costs, and/or disbursements incurred by any attorneys, Plaintiffs' Class Counsel, Allocation Counsel, Class Representatives, Plaintiffs or Class Members who claim to have assisted in conferring the benefits under this Settlement upon the Class.

K. In consideration for the Settlement, Toyota and its past or present officers, directors, employees, agents, attorneys, predecessors, successors, affiliates, subsidiaries, divisions, and assigns shall be deemed to have, and by operation of the Final Approval Order shall have, released Plaintiffs' Class Counsel and each current and former Plaintiffs and Class Representatives from any and all causes of action that were or could have been asserted pertaining solely to the conduct in filing and prosecuting the litigation or in settling the Action.

L. Class Representatives and Plaintiffs' Class Counsel hereby agree and acknowledge that the provisions of this Release together constitute an essential and material term of the Agreement and shall be included in any Final Order and Final Judgment entered by the Court.

M. The Parties specifically understand that there may be further pleadings, discovery requests and responses, testimony, or other matters or materials owed by the Parties pursuant to existing pleading requirements, discovery requests, or pretrial rules, procedures, or orders, and that, by entering into this Agreement, the Parties expressly waive any right to receive, hear, or inspect such pleadings, testimony, discovery, or other matters or materials.

**[PROPOSED] FINAL ORDER
APPROVING CLASS ACTION
SETTLEMENT**

**[PROPOSED] FINAL ORDER GRANTING
FINAL APPROVAL OF THE CLASS ACTION SETTLEMENT**

1 WHEREAS, the Court, having considered the Settlement Agreement dated
2 December [REDACTED], 2012 (the “Agreement”) between and among the Class
3 Representatives, Plaintiffs’ Class Counsel and Defendants Toyota Motor Corporation
4 and Toyota Motor Sales, U.S.A., Inc. (“Toyota”), the Court’s December [REDACTED], 2012
5 Order Granting Preliminary Approval of the Class Settlement, Directing Notice to
6 the Class, and Scheduling Fairness Hearing (Dkt. No. [REDACTED]) (the “Preliminary
7 Approval Order”), having held a Fairness Hearing on [REDACTED], and having considered
8 all of the submissions and arguments with respect to the Settlement, and otherwise
9 being fully informed, and good cause appearing therefore (all capitalized terms as
10 defined in the Agreement);
11

12 IT IS HEREBY ORDERED AS FOLLOWS:
13

14 1. This Final Order Approving Class Action Settlement incorporates
15 herein and makes a part hereof, the Agreement and its exhibits, the Preliminary
16 Approval Order, all exhibits to the Agreement and the Preliminary Approval Order.
17 Unless otherwise provided herein, the terms defined in the Agreement and
18 Preliminary Approval Order shall have the same meanings for purposes of this Final
19 Order and accompanying Final Judgment.
20

21 2. The Court has personal jurisdiction over all parties in the Actions,
22 including, but not limited to all Class Members, and has subject matter jurisdiction
23 over the Actions, including without limitation jurisdiction to approve the Agreement,
24 grant final certification of the Class, to settle and release all claims released in the
25 Agreement and to dismiss the Actions and each Action with prejudice and enter final

3. Based on the record before the Court, including all submissions in part of the Settlement set forth in the Agreement, objections and responses to and all prior proceedings in the Actions, as well as the Agreement itself and related documents and exhibits, the Court hereby certifies the following nationwide Class (the “Class”) for settlement purposes only:

All persons, entities or organizations who, at any time as of or before [date of Primary Approval Order], own or owned, purchase(d), lease(d) and/or insure(d) individual value, as a Residual Value Insurer, as defined in the Agreement, of all Subject Vehicles equipped or installed with an Electronic Throttle Control System (“ETCS”) (as listed in Appendix A to this Final Order) distributed for sale or lease in any of the fifty States, the District of Columbia, Puerto Rico and all other United States territories and/or possessions. Excluded from the Class are: (a) Toyota, its officers, directors and employees; affiliates and affiliates’ officers, directors and employees; their distributors and distributors’ officers, directors and employees; and Toyota Dealers and Toyota Dealers’ officers and directors; (b) Toyota’s Class Counsel, Allocation Counsel and their employees; (c) judicial officers and their immediate family members and associated court staff assigned to the case, and all persons within the third degree of relationship to any such persons, and (d) persons or entities who or which timely and properly excluded themselves from the Class.

The Court finds that only those persons/entities/organizations listed on
 Appendix B to this Final Order Approving Class Action Settlement have timely and
 properly excluded themselves from the Class and, therefore, are not bound by this

1 Final Order Approving Class Action Settlement or the accompanying Final
2 Judgment.

3 4. The Court finds, for settlement purposes and conditioned upon the entry
4 of the Final Order and Final Judgment and upon the occurrence of the Final Effective
5 Date, that the Class meets all the applicable requirements of FED. R. CIV. P. 23(a)
6 and (b)(3):
7

8 a. *Numerosity.* The Class, which is ascertainable, consists of
9 millions of members located throughout the United States and satisfies the
10 numerosity requirement of FED. R. CIV. P. 23(a)(1). Joinder of these widely-
11 dispersed, numerous Class Members into one suit would be impracticable.
12

13 b. *Commonality.* There are some questions of law or fact common
14 to the Class with regard to the alleged activities of Toyota in this case. These issues
15 are sufficient to establish commonality under FED. R. CIV. P. 23(a)(2).
16

17 c. *Typicality.* The claims of Class Representatives are typical of
18 the claims of the Class Members they seek to represent for purposes of settlement.
19

20 d. *Adequate Representation.* Plaintiffs' interests do not conflict
21 with those of absent members of the Classes, and Plaintiffs' interests are co-
22 extensive with those of absent Class Members. Additionally, this Court recognizes
23 the experience of Class Counsel Steve W. Berman of Hagens Berman Sobol Shapiro
24 LLP, Marc M. Seltzer of Susman Godfrey L.L.P., and Frank M. Pitre of Cotchett,
25 Pitre & McCarthy LLP. Plaintiffs and their counsel have prosecuted this action
26 vigorously on behalf of the Class. The Court finds that the requirement of adequate
27 representation of the Class has been fully met under FED. R. CIV. P. 23(a)(4).
28

e. *Predominance of Common Issues.* The questions of law or fact

1 common to the Class Members, as pertains to consideration of the Settlement,
2 predominate over any questions affecting any individual Class Member.

3 f. *Superiority of the Class Action Mechanism.* The class action
4 mechanism provides a superior procedural vehicle for settlement of this matter
5 compared to other available alternatives. Class certification promotes efficiency and
6 uniformity of judgment because the many Class Members will not be forced to
7 separately pursue claims or execute settlements in various courts around the country.

8
9 5. The designated Class Representatives are as follows. Karina Brazdys,
10 John Moscicki, Dale Baldisseri, Peggie Perkin, Kathleen Atwater, Georgann
11 Whelan, Ann Fleming-Weaver, Nancy Seamons, Linda Savoy, Donald Graham,
12 Shirley Ward, John and Mary Ann Laidlaw, Judy Veitz, Victoria and Barry Karlin,
13 Elizabeth Van Zyl, Green Spot Motors Co., Deluxe Holdings Inc. and Auto Lenders
14 Liquidation Center, Inc. The Court finds that these Class Members have adequately
15 represented the Class for purposes of entering into and implementing the Agreement.
16 The Court reaffirms the appointment of Steve W. Berman of Hagens Berman Sobol
17 Shapiro LLP, Marc M. Seltzer of Susman Godfrey L.L.P., and Frank M. Pitre of
18 Cotchett, Pitre & McCarthy LLP as Plaintiffs' Class Counsel.

19
20
21 6. In making all of the foregoing findings, the Court has exercised its
22 discretion in certifying the Class.

23 **II. NOTICE TO CLASS MEMBERS**

24 7. The record shows and the Court finds that the Class Notice has been
25 given to the Class in the manner approved by the Court in its Preliminary Approval
26 Order (Dkt. No. ____). The Court finds that such Class Notice: (i) constitutes
27 reasonable and the best practicable notice to Class Members under the circumstances
28

1 of the Actions; (ii) constitutes notice that was reasonably calculated, under the
2 circumstances, to apprise Class Members of the pendency of the Actions and the
3 terms of the Agreement, their right to exclude themselves from the Class or to object
4 to any part of the Settlement, their right to appear at the Fairness Hearing (either on
5 their own or through counsel hired at their own expense) and the binding effect of
6 the orders and Final Order and Final Judgment in the Actions, whether favorable or
7 unfavorable, on all persons who do not exclude themselves from the Class, (iii)
8 constitutes due, adequate, and sufficient notice to all persons or entities entitled to
9 receive notice; and (iv) fully satisfied the requirements of the United States
10 Constitution (including the Due Process Clause), FED. R. CIV. P. 23 and any other
11 applicable law as well as complying with the Federal Judicial Center's illustrative
12 class action notices.
13

14
15 The Court further finds that the Parties, through the Settlement Notice
16 Administrator, provided notice of the Settlement to the appropriate state and federal
17 government officials pursuant to 28 U.S.C. § 1715. Furthermore, the Court has
18 given the appropriate state and federal government officials the requisite ninety (90)
19 day time period to comment or object to the Settlement before entering its Final
20 Order and Final Judgment.
21

22 **III. FINAL APPROVAL OF SETTLEMENT AGREEMENT**

23 8. The Court finds that the Agreement resulted from extensive arm's
24 length good faith negotiations between Plaintiffs' Class Counsel and Toyota, through
25 experienced counsel, with the assistance and oversight of Settlement Special Master
26 Patrick A. Juneau.
27

28 9. Pursuant to FED. R. CIV. P. 23(e), the Court hereby finally approves in

1 all respects the Settlement as set forth in the Agreement and finds that the
2 Settlement, the Agreement, the Plan of Allocation and all other parts of the
3 Settlement are, in all respects, fair, reasonable, and adequate, and in the best interest
4 of the Class and are in full compliance with all applicable requirements of the
5 Federal Rules of Civil Procedure, the United States Constitution (including the Due
6 Process Clause), the Class Action Fairness Act, and any other applicable law. The
7 Court hereby declares that the Agreement is binding on all Class Members, except
8 those identified on Appendix B, and it is to be preclusive in the Actions. The Court
9 also finds that Allocation Counsel adequately and vigorously represented the Class
10 Members' interests in negotiating the Plan of Allocation. The decisions of the Class
11 Action Settlement Administrator relating to the review, processing, determination
12 and payment of Claims submitted pursuant to this Settlement Agreement are final
13 and not appealable.

14
15
16 10. The Court finds that the Settlement is fair, reasonable and adequate
17 based on the following factors, among other things: (a) there is no fraud or collusion
18 underlying the Settlement; (b) the complexity, expense, uncertainty and likely
19 duration of litigation in the Actions favor settlement on behalf of the Class; (c) the
20 Settlement provides meaningful benefits to the Class; and (d) any and all other
21 applicable factors that favor final approval.

22
23 11. The Parties are hereby directed to implement and consummate the
24 Settlement according to the terms and provisions of the Agreement. In addition, the
25 Parties are authorized to agree to and adopt such amendments and modifications to
26 the Agreement as (i) shall be consistent in all material respects with this Final Order
27 Approving Class Action Settlement, and (ii) do not limit the rights of the Class.
28

1 12. The Court has considered all objections, timely and proper or otherwise,
2 to the Settlement and denies and overrules them as without merit.

3 **IV. DISMISSAL OF CLAIMS, RELEASE**
4 **AND INJUNCTION**

5 13. The Actions are hereby dismissed with prejudice on the merits and
6 without costs to any party, except as otherwise provided herein or in the Agreement.

7 14. Upon entry of this Final Order Approving Class Action Settlement and
8 the Final Judgment, Plaintiffs, Class Representatives and each member of the Class
9 (except those listed on Appendix B), on behalf of themselves and any other legal or
10 natural persons who may claim by, through or under them, agree to fully, finally and
11 forever release, relinquish, acquit, discharge and hold harmless the Released Parties
12 from any and all claims, demands, suits, petitions, liabilities, causes of action, rights,
13 and damages of any kind and/or type regarding the subject matter of the Actions,
14 including, but not limited to, compensatory, exemplary, punitive, expert and/or
15 attorneys' fees or by multipliers, whether past, present, or future, mature, or not yet
16 mature, known or unknown, suspected or unsuspected, contingent or non-contingent,
17 derivative or direct, asserted or un-asserted, whether based on federal, state or local
18 law, statute, ordinance, regulation, code, contract, common law, or any other source,
19 or any claim of any kind related arising from, related to, connected with, and/or in
20 any way involving the Actions, the Subject Vehicles, any and all claims involving
21 the ETCS, any and all claims of unintended acceleration in any manner that are, or
22 could have been, defined, alleged or described in the Economic Loss Master
23 Consolidated Complaint, the Amended Economic Loss Master Consolidated
24 Complaint, the Second Amended Economic Loss Master Consolidated Complaint,
25
26
27
28

1 the Third Amended Economic Loss Master Consolidated Complaint, the TAMCC,
2 the Actions or any amendments of the Actions, including, but not limited to, the
3 design, manufacturing, advertising, testing, marketing, functionality, servicing, sale,
4 lease or resale of the Subject Vehicles. Notwithstanding the foregoing, Plaintiffs and
5 Class Members are not releasing claims for personal injury, wrongful death or actual
6 physical property damage arising from an accident involving a Subject Vehicle. By
7 not excluding themselves from the Action and to the fullest extent they may lawfully
8 waive such rights, all Class Representatives, Plaintiffs and Class Members are
9 deemed to acknowledge and waive Section 1542 of the Civil Code of the State of
10 California and any law of any state or territory that is equivalent to section 1542.
11
12 Section 1542 provides that:

13
14 **A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS**
15 **WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO**
16 **EXIST IN HIS OR HER FAVOR AT THE TIME OF**
17 **EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR**
18 **HER MUST HAVE MATERIALLY AFFECTED HIS OR HER**
19 **SETTLEMENT WITH THE DEBTOR.**

20 15. The Court orders that the Agreement shall be the exclusive remedy for
21 all claims released in the Settlement for all Class Members not listed on Appendix B.
22 Therefore, except for those listed on Exhibit B, all Class Members and their
23 representatives, are hereby permanently barred and enjoined from, either directly,
24 representatively, or in any other capacity instituting, commencing, filing,
25 maintaining, continuing or prosecuting against any of the Released Parties (as that
26 term is defined in the Agreement) any action or proceeding in any court or tribunal
27 asserting any of the matters, claims or causes of action described. Pursuant to 28
28 U.S.C. §§ 1651(a) and 2283, the Court finds that issuance of this permanent

1 injunction is necessary and appropriate in aid of its continuing jurisdiction and
2 authority over the Settlement and the Actions.

3 **V. CLASS SETTLEMENT FUND**

4 16. The Court finds and confirms that the Escrow Account is a “qualified
5 settlement fund” as defined in Section 1.468B-1(c) of the Treasury Regulations in
6 that it satisfies each of the following requirements:
7

8 (a) The Escrow Account is established pursuant to an Order of this Court
9 and is subject to the continuing jurisdiction of this Court;

10 (b) The Escrow Account is established to resolve or satisfy one or more
11 claims that have resulted or may result from an event that has occurred and that has
12 given rise to at least one claim asserting liabilities; and
13

14 (c) The assets of the Escrow Account are segregated from other assets of
15 Defendants, the transferor of the payment to the Settlement Funds and controlled by
16 an Escrow Agreement.

17 17. Under the “relation back” rule provided under Section 1.468B-1(j)(2)(i)
18 of the Treasury Regulations, the Court finds that:

19 (a) The Escrow Account met the requirements of Paragraphs 16(a) and
20 16(b) of this Order prior to the date of this Order approving the establishment of the
21 Escrow Account subject to the continued jurisdiction of this Court; and
22

23 (b) Defendants and the Class Action Settlement Administrator may jointly
24 elect to treat the Escrow Account as coming into existence as a “qualified settlement
25 fund” on the latter of the date the Escrow Account met the requirements of
26 Paragraphs 16(b) and 16(c) of this Order or January 1 of the calendar year in which
27 all of the requirements of paragraph 16 of this Order are met. If such a relation-back
28

1 election is made, the assets held by the Settlement Funds on such date shall be
2 treated as having been transferred to the Escrow Account on that date.

3 **VI. OTHER PROVISIONS**

4 18. Without affecting the finality of this Final Order Approving Class
5 Action Settlement or the accompanying Final Judgment, the Court retains continuing
6 and exclusive jurisdiction over the Actions and all matters relating to the
7 administration, consummation, enforcement and interpretation of the Agreement and
8 of this Final Order Approving Class Action Settlement and the accompanying Final
9 Judgment, to protect and effectuate this Final Order Approving Class Action
10 Settlement and the accompanying Final Judgment, and for any other necessary
11 purpose. The Parties, the Class Representatives, and each Class Member not listed
12 on Appendix B are hereby deemed to have irrevocably submitted to the exclusive
13 jurisdiction of this Court, for the purpose of any suit, action, proceeding or dispute
14 arising out of or relating to the Agreement or the applicability of the Agreement,
15 including the Exhibits thereto, and only for such purposes.
16

17 19. In the event that the Final Effective Date does not occur, certification of
18 the Class shall be automatically vacated and this Final Order Approving Class
19 Action Settlement and the accompanying Final Judgment, and other orders entered in
20 connection with the Settlement and releases delivered in connection with the
21 Settlement, shall be vacated and rendered null and void as provided by the
22 Agreement.
23

24 20. Without further order of the Court, the Parties may agree to reasonably
25 necessary extensions of time to carry out any of the provisions of the Agreement.
26 Likewise, the Parties may, without further order of the Court, agree to and adopt
27
28

1 such amendments to the Agreement (including exhibits) and the Plan of Allocation
2 as are consistent with this Final Order Approving Class Action Settlement and the
3 accompanying Final Judgment and do not limit the rights of Class Members under
4 the Settlement Agreement.

5
6 21. Nothing in this Final Order Approving Class Action Settlement or the
7 accompanying Final Judgment shall preclude any action in this Court to enforce the
8 terms of the Agreement.

9
10 22. Neither this Final Order Approving Class Action Settlement nor the
11 accompanying Final Judgment (nor any document related to the Agreement) is or
12 shall be construed as an admission by the Parties. Neither the Agreement (or its
13 exhibits), the Plan of Allocation, this Final Order Approving Class Action
14 Settlement, the accompanying Final Judgment, or any document related to the
15 Agreement shall be offered in any proceeding as evidence against any of the Parties
16 of any fact or legal claim; provided, however, that Toyota and the Released Parties
17 may file any and all such documents in support of any defense that the Agreement,
18 this Final Order Approving Class Action Settlement, the accompanying Final
19 Judgment and any other related document is binding on and shall have res judicata,
20 collateral estoppel, and/or preclusive effect in any pending or future lawsuit by any
21 person who is subject to the release described above in Paragraph 14 asserting a
22 released claim against any of the Released Parties.

23
24 24. The Class Action Settlement Administrator shall fulfill any
25 escheatment obligations that arise.
26
27
28

1
2
3 25. A copy of this Final Order Approving Class Action Settlement
4 shall be filed in, and applies to, the Actions.

**[PROPOSED] ORDER, *INTER ALIA*,
GRANTING PRELIMINARY
APPROVAL OF CLASS
SETTLEMENT, PROVISIONALLY
CERTIFYING SETTLEMENT
CLASS, DIRECTING NOTICE TO
THE CLASS AND SCHEDULING
FAIRNESS HEARING.**

**[PROPOSED] ORDER GRANTING PRELIMINARY APPROVAL OF THE
CLASS SETTLEMENT, DIRECTING NOTICE TO THE CLASS**

1 WHEREAS, this matter has come before the Court pursuant to *Plaintiffs’*
2 *Motion for Entry of an Order Granting Preliminary Approval of the Class Settlement*
3 *and Approving the Form and Method of Notice to the Class* (the “Motion”);

4 WHEREAS, the Court finds that it has jurisdiction over the Actions and each
5 of the parties for purposes of settlement and asserts jurisdiction over the Class
6 Members for purposes of effectuating this settlement and releasing their claims (all
7 capitalized terms as defined in the Settlement Agreement attached hereto as Exhibit
8 1); and

9
10 WHEREAS, this Court has considered all of the submissions related to the
11 Motion and is otherwise fully advised in the premises;

12 IT IS HEREBY ORDERED AS FOLLOWS:

13
14 **I. PRELIMINARY APPROVAL OF SETTLEMENT AGREEMENT**

15 1. The terms of the Settlement Agreement dated December , 2012,
16 including all exhibits thereto (the “Agreement”), which is attached to the Motion as
17 Exhibit 1, are preliminarily approved as fair, reasonable and adequate, are sufficient
18 to warrant sending notice to the Class, and are subject to further consideration
19 thereof at the Fairness Hearing referenced below. This Order incorporates herein the
20 Agreement, and all of its exhibits and related documents. Unless otherwise provided
21 herein, the terms defined in the Agreement shall have the same meanings in this
22 Order. The Agreement was entered into only after extensive arm’s length
23 negotiations by experienced counsel and with the assistance and oversight of
24 Settlement Special Master Patrick A. Juneau. The Court finds that the settlement
25 embodied in the Agreement (“the Settlement”) is sufficiently within the range of
26 reasonableness so that notice of the Settlement should be given as provided in the
27
28

1 Agreement and this Order. In making this determination, the Court has considered
2 the current posture of this litigation and the risks and benefits to the Parties involved
3 in both settlement of these claims and continuation of the litigation.

4 **II. THE CLASS, CLASS REPRESENTATIVES AND CLASS COUNSEL**

5
6 2. The Court provisionally certifies the following Class for settlement
7 purposes only (the “Class”): all persons, entities or organizations who, at any time as
8 of or before the entry of this Order, own or owned, purchase(d), lease(d) and/or
9 insure(d) the residual value, as a Residual Value Insurer, of all Toyota, Lexus and
10 Scion Subject Vehicles equipped or installed with an Electronic Throttle Control
11 System (“ETCS”) distributed for sale or lease in any of the fifty States, the District
12 of Columbia, Puerto Rico and all other United States territories and/or possessions.
13 Excluded from the Class are: (a) Toyota, their officers, directors and employees;
14 their affiliates and affiliates’ officers, directors and employees; their distributors and
15 distributors’ officers, directors and employees; and Toyota Dealers and Toyota
16 Dealers’ officers and directors; (b) Plaintiffs’ Class Counsel, Allocation Counsel and
17 their employees; (c) judicial officers and their immediate family members and
18 associated court staff assigned to this case, and all persons within the third degree of
19 relationship to any such persons; and (d) persons or entities who or which timely and
20 properly exclude themselves from the Class as provided in this Order.
21

22
23 3. The “Subject Vehicles” are listed in Exhibit 10 to the Agreement, which
24 is expressly incorporated in this Order.

25
26 4. The Court preliminarily finds, for settlement purposes only and
27 conditioned upon the entry of this Order and the Final Order and Final Judgment, the
28 terms of the Settlement Agreement, and the occurrence of the Final Effective Date,

1 that the Class meets all the applicable requirements of FED. R. CIV. P. 23(a) and
2 (b)(3), and hereby provisionally certifies the Class for settlement purposes only. The
3 Court preliminarily finds, in the specific context of this Settlement, that: (a) the
4 number of Class Members is so numerous that their joinder in one lawsuit would be
5 impractical; (b) there are some questions of law or fact common to the Class that are
6 sufficient for settlement purposes; (c) the claims of Class Representatives are typical
7 of the claims of the Class Members they seek to represent for purposes of settlement;
8 (d) the Class Representatives have fairly and adequately represented the interests of
9 the Class for settlement purposes and the Class Representatives have retained
10 experienced counsel to represent them and the Class – Steve W. Berman of Hagens
11 Berman Sobol Shapiro LLP, Marc M. Seltzer of Susman Godfrey L.L.P., and Frank
12 M. Pitre of Cotchett, Pitre & McCarthy LLP whom the Court finds have satisfied the
13 requirements of Fed. R. Civ. P. 23(a)(4) and 23(g); (e) the questions of law or fact
14 common to the Class, as pertains to consideration of the Settlement, predominate
15 over any questions affecting any individual Class Member; and (f) a class action is
16 superior to the other available methods for the fair and efficient adjudication of the
17 controversy through settlement.
18
19
20

21 5. The Court designates the following plaintiffs as Class Representatives:
22 Karina Brazdys, John Moscicki, Dale Baldisseri, Peggie Perkin, Kathleen Atwater,
23 Georgann Whelan, Ann Fleming-Weaver, Nancy Seamons, Linda Savoy, Donald
24 Graham, Shirley Ward, John and Mary Ann Laidlaw, Judy Veitz, Victoria and Barry
25 Karlin, Elizabeth Van Zyl, Green Spot Motors Co., Deluxe Holdings Inc. and Auto
26 Lenders Liquidation Center, Inc.
27

28 6. The Court further preliminarily finds that the following counsel, which

1 the Court previously appointed interim Co-Lead Counsel, fairly and adequately
2 represent the interests of the Class for settlement purposes and hereby appoints them
3 as counsel for the Class pursuant to FED. R. CIV. P. 23(g):

4 Steve W. Berman
5 Hagens Berman Sobol Shapiro LLP
6 1918 Eighth Avenue, Suite 3300
7 Seattle, WA 98101

8 Marc M. Seltzer
9 Susman Godfrey L.L.P.
10 1901 Avenue of the Stars, Suite 950
Los Angeles, CA 90067

11 Frank M. Pitre
12 Cotchett, Pitre & McCarthy, LLP
13 840 Malcolm Road, Suite 200
Burlingame, CA 94010

14
15 7. If the Agreement is not finally approved by the Court, or for any reason
16 the Final Order and Final Judgment are not entered as contemplated in the
17 Agreement, or the Agreement is terminated pursuant to its terms for any reason or
18 the Final Effective Date does not occur for any reason, then:

19 (a) All orders and findings entered in connection with the Agreement
20 shall become null and void and have no force or effect whatsoever, shall not be used
21 or referred to for any purposes whatsoever, and shall not be admissible or
22 discoverable in this or any other proceeding;

23
24 (b) The provisional certification of the Class pursuant to this Order
25 shall be vacated automatically and the Actions shall proceed as though the Class had
26 never been certified;

27 (c) Nothing contained in this Order is to be construed as a
28

1 presumption, concession or admission by or against Toyota or Plaintiffs of any
2 default, liability or wrongdoing as to any facts or claims alleged or asserted in the
3 Actions, or in any action or proceeding, including but not limited to, factual or legal
4 matters relating to any effort to certify the Actions or any Action as a class action;
5

6 (d) Nothing in this Order pertaining to the Agreement, including any
7 of the documents or statements generated or received pursuant to the claims
8 administration process, shall be used as evidence in any further proceeding in the
9 Actions, including, but not limited to, motions or proceedings seeking treatment of
10 the Actions or any Action as a class action;
11

12 (e) All of the Court's prior Orders having nothing whatsoever to do
13 with class certification or the Agreement shall, subject to this Order, remain in force
14 and effect; and

15 (f) The terms in Section IX.D of the Settlement Agreement shall
16 survive.

17 **III. NOTICE TO CLASS MEMBERS**

18 8. The Court has considered the Class Notice in the Agreement and finds
19 that the Class Notice and methodology as described in the Settlement Agreement and
20 in the Declaration of the Settlement Notice Administrator; (a) meet the requirements
21 of due process and FED. R. CIV. P. 23(c) and (e); (b) constitutes the best notice
22 practicable under the circumstances to all persons entitled to notice, and (c) satisfies
23 the Constitutional requirements regarding notice. In addition, the forms of notice (a)
24 apprise Class Members of the pendency of the Action, the terms of the proposed
25 settlement, their rights and deadlines under the Settlement; (b) are written in simple
26 terminology; (c) are readily understandable by Class Members; and (d) comply with
27
28

1 the Federal Judicial Center's illustrative class action notices. The Court approves the
2 Class Notice and methodology as described in the Settlement Agreement and in the
3 Declaration of the Settlement Notice Administrator in all respects, and it hereby
4 orders that notice be commenced no later than [**March 1, 2013**]. The Court
5 understands, however, that the Parties must obtain Toyota customer data from a
6 third-party (as provided below) before distribution of the Short Form Notices, and
7 that the time within which that data can be obtained is not certain.
8

9 The Class Action Settlement Administrator shall send the Short Form Notices,
10 substantially in forms attached to the Agreement as Exhibits 12 and 13, by U.S.
11 Mail, proper postage prepaid: (i) to current registered owners of Subject Vehicles;
12 and (ii) registered owners of Subject Vehicles during the period September 1, 2009
13 through December 31, 2010, as identified by data to be forwarded to the Class
14 Action Settlement Administrator by R.L. Polk & Co. The mailing of Exhibit 13 will
15 be done as part of efforts to notify Class Members who may be eligible for payment
16 from the Alleged Diminished Value Fund pursuant to Section II(A)(2) of the
17 Agreement. The mailings of the Short Form Notices to the persons and entities
18 identified by R.L. Polk & Co. shall be substantially completed by [**April 5, 2013**].
19 The Parties are hereby ordered to obtain such vehicle registration information
20 through R.L. Polk & Co., which specializes in obtaining such information from, *inter*
21 *alia*, the applicable Departments of Motor Vehicles.
22

23 The Court further approves, as to form and content, the Short Form Notices,
24 the Long Form Notice, and the Summary Settlement Notice. The Court further
25 approves the establishment of an internet website for the Settlement. The website
26 shall include documents relating to the Settlement, Orders of the Court relating to the
27
28

1 Settlement and such other information as Toyota and Class Counsel mutually agree
2 would be beneficial to potential Class Members. Toyota shall pay the costs of the
3 Class Notice in accordance with the Agreement, with the potential for partial or
4 complete reimbursement as set forth in the Agreement. The Parties are hereby
5 authorized to establish the means necessary to implement the notice and/or other
6 terms of the Agreement.
7

8 9. The Class Action Settlement Administrator is Gilardi & Company,
9 LLC. Responsibilities of the Class Action Settlement Administrator are found in the
10 Agreement. Not later than **[10 days]** before the date of the Fairness Hearing, the
11 Class Action Settlement Administrator shall file with the Court (a) a list of those
12 persons who have opted out or excluded themselves from the Settlement; (b) the
13 details outlining the scope, methods and results of the Class Notice.
14

15 10. The Settlement Notice Administrator is Katherine Kinsella of Kinsella
16 Media, LLC. Responsibilities of the Settlement Notice Administrator are found in
17 the Agreement. Not later than **[10 days]** before the date of the Fairness Hearing, the
18 Settlement Notice Administrator shall file with the Court the details outlining the
19 scope, methods and results of the parts of the Class Notice for which she is
20 responsible under the Agreement.
21

22 **IV. REQUEST FOR EXCLUSION FROM THE CLASS**

23 11. Class Members who wish to be excluded from the Class must mail a
24 written request for exclusion to the Class Action Settlement Administrator post-
25 marked no later than **[May 6, 2013]**. Any request for exclusion must be signed by
26 the potential Class Member and contain the following information: name, address,
27 and telephone number of the Class Member; the model year, make, model, and
28

20 **VIII. CLASS SETTLEMENT FUND**

21 22. The Court finds that the Escrow Account is to be a "qualified settlement
22 fund" as defined in Section 1.468B-1(c) of the Treasury Regulations in that it

26
27
28

1 (b) The Escrow Account is to be established to resolve or satisfy one or

11 into existence as a “qualified settlement fund” on the latter of the date the Escrow
12 Account meets the requirements of Paragraphs 22(b) and 22(c) of this Order or
13 January 1 of the calendar year in which all of the requirements of Paragraph 22 of
14 this Order are met. If such a relation-back election is made, the assets held by the
15 Settlement Funds on such date shall be treated as having been transferred to the
16 Escrow Account on that date.
17

18 **IX. CONFIDENTIALITY**

19 24. Any information received by the Class Action Settlement
20 Administrator, the Settlement Notice Administrator, or any other person in

Exhibit 8

**If You Currently or Previously Owned, Purchased, or Leased
Certain Toyota, Lexus, or Scion Vehicles,
You Could Get Benefits from a Class Action Settlement.**

There is a proposed settlement in a class action lawsuit against Toyota Motor Corp. and Toyota Motor Sales, U.S.A., Inc. ("Toyota") concerning certain vehicles with electronic throttle control systems ("ETCS"). Those included in the settlement have legal rights and options and deadlines by which they must exercise them.

What is the lawsuit about?

The lawsuit alleges that certain Toyota, Lexus, and Scion vehicles equipped with ETCS are defective and can experience unintended acceleration. Toyota denies that it has violated any law, denies that it engaged in any and all wrongdoing, and denies that its ETCS is defective. The Court did not decide which side was right. Instead, the parties decided to settle.

Am I Included in the proposed settlement?

Subject to certain limited exclusions, you are included if as of **[date]**,

- You own or owned, purchase(d), and/or lease(d) a "Subject Vehicle" that was
- Distributed for sale or lease in any of the fifty States, the District of Columbia, Puerto Rico and all other United States territories and/or possessions or
- Were a company that insured Subject Vehicles for residual value.

The Subject Vehicles are identified at the settlement website and in the full settlement notice. The class includes persons, entities and/or organizations.

This settlement does not involve claims of personal injury or property damage.

What does the settlement provide?

The proposed settlement provides for: (a) cash payments from two funds totaling \$500 million for certain eligible class members; (b) free installation of a brake override system on certain Subject Vehicles; (c) a customer support program to correct any defect in materials or workmanship of certain vehicle parts for other eligible class members; and (d) at least \$30 million toward automobile safety research and education. Some of these benefits require action by class members by or before certain deadlines.

Payments will vary depending upon several factors such as the number of claims submitted, the amounts claimed, and other adjustments and deductions.

What are my options?

If you do nothing, you will remain in the class and will not be able to sue Toyota about the issues in the lawsuit, but you may not receive certain benefits for which you may be eligible.

You can exclude yourself by [date], if you don't want to be part of the settlement. You won't get any settlement benefits, but you keep the right to Toyota about the issues in the lawsuit.

You can submit a claim form by [date], if you don't exclude yourself, for any benefits for which you are eligible and which require a claim form.

You can object to all or part of the settlement by [date], if you don't exclude yourself.

The full notice describes how to exclude yourself, submit a claim form and/or object.

The Court will hold a fairness hearing on **[date] at [time]** to (a) consider whether the proposed settlement is fair, reasonable, and adequate, and (b) decide the plaintiffs' lawyers' request for fees up to \$200 million and expenses up to \$27 million and awards for Named Plaintiffs and Class Representatives. You may appear at the hearing, but you are not required to and you may hire an attorney to appear for you, at your own expense.

KINSELLA**

THIS DOCUMENT RELATES TO:

ALL ECONOMIC LOSS CASES

I, Katherine Kinsella, being duly sworn, hereby declare as follows:

1. I am President of Kinsella Media, LLC (“KM”), an advertising and legal notification firm in Washington, D.C. specializing in the design and implementation of notification programs to reach unidentified putative class members primarily in consumer and antitrust class actions and claimants in bankruptcy and mass tort litigation. My business address is 2120 L Street, NW, Suite 860, Washington, D.C. 20037. My telephone number is (202) 686-4111.
2. I submit this declaration at the request of the parties in connection with *In Re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation*. A detailed Notice Plan is attached as Exhibit 1.
3. This declaration is based upon my personal knowledge and upon information provided by the parties, my associates, and staff. The information is of a type reasonably relied upon in the fields of advertising, media and communications.
4. KM has developed and directed some of the largest and most complex national notification programs in the country. The scope of the firm’s work includes notification

programs in antitrust, bankruptcy, consumer fraud, mass tort, and product liability litigation. Specific cases have involved, among others, asbestos, breast implants, home siding and roofing products, infant formula, pharmaceuticals, polybutylene plumbing, tobacco, and Holocaust claims. The firm has developed or consulted on over 700 notification programs and has placed over \$300 million in media notice. Selected cases are attached as Exhibit 2.

5. Courts have admitted expert testimony from KM on our firm's quantitative and qualitative evaluations of notice programs. Many Courts have commented favorably, on the record, regarding the effectiveness of notice plans prepared by KM. Selected judicial comments are attached as Exhibit 3.

8. I am also co-author of the following:
- a. *Class Notice and Claims Administration*, published in 2010 in The International Handbook on Private Enforcement of Competition Law;
 - b. *REALITY CHECK: The State of New Media Options for Class Action Notice*, published in 2010 in A Practitioner's Guide to Class Actions, as well as the February 26, 2010 issue of the Class Action Litigation Report;
 - c. *How Viable Is the Internet for Class Action Notice*, published in the March 25, 2005 issue of Class Action Litigation Report.
9. KM was retained to design and implement the Notice Program in this litigation. I submit this declaration to describe the elements of the Notice Program.

Proposed Notice Program

10. A two-part notification program was designed and includes:
- a. Direct notice by first-class mail to current registered owners of covered Toyota, Lexus and Scion vehicles and certain previous registered owners who were

registered owners during a specified period, based on records available through R.L. Polk & Co.; and

- b. Broad notice through the use of paid media including national newspaper supplements, national consumer magazines, newspapers in US territories, and Internet advertising.

Direct Mail Notice

- 11. Direct mail notice will consist of mailing the Short Form Notice to specified Class Members to inform them of their rights and how they may participate in the class action. The Short Form Notice will prominently feature the toll-free number and Settlement website. The Short Form Notice directed to current registered owners of covered vehicles also includes a tear-off Notice that Class Members can keep in their glove box to remind them about the future benefits available through the Customer Support Program.

Paid Media Methodology

- 12. To design the paid media segment of the Notice Program, KM analyzed syndicated data available from the GfK MRI *2012 Doublebase Survey* and comScore, Inc. GfK MRI is a nationally accredited media and marketing research firm that provides syndicated data on audience size, composition, and other relevant factors pertaining to major media including broadcast, magazines, newspapers, and outdoor advertising. MRI provides a single-source measurement of major media, products, services, and in-depth consumer demographic and lifestyle/psychographic characteristics. comScore, Inc. is a source of Internet audience measurement for advertising agencies, publishers, marketers and financial analysts. comScore measures Internet usage and other activity through monitoring software installed on the computers of a panel of approximately 2,000,000

people. Active in 170 countries, comScore tracks more than 3 million unique websites. Panel-based surveys are subject to minimum reporting standards and not all surveyed websites will meet these minimums.

13. The Notice Program is based on specifically reaching consumers in the target audience and not simply the general public. KM chose as its target audience “people who bought any Toyota, Lexus, or Scion make and model” (“Toyota/Lexus/Scion Purchasers”), which is measured by GfK MRI and comScore, Inc.¹
14. The target audience also includes 13% Hispanics and 6% Asians hence the decision to translate the Long Form Notice. This level of Class membership warranted some multi-cultural media placements as well.

Paid Media Placements

15. The proposed media schedule includes advertising in national newspaper supplements, national consumer magazines, newspapers in US territories, and Internet advertising to reach the target audience as outlined above.
16. The national newspaper supplements included in the program are inserted in over 1,300 newspapers across the country. A listing of the carrier newspapers and their circulations is attached as Exhibit A to the Notice Plan. The Summary Settlement Notice will appear in newspaper supplements as follows:

- a. A two-fifths-page ad (5.25” x 6.75”) twice in *Parade* with an estimated circulation of 32,500,000.

¹ Since it is not possible to measure Internet against the target of people who leased any Toyota, Lexus or Scion make and model, KM selected the target of “people who bought any Toyota, Lexus or Scion make and model,” which can be measured for all media. It can reasonably be expected that purchasers or lessors of these vehicles would be demographically similar.

- b. A two-fifths-page ad (5" x 6.4375") twice in *USA Weekend* with an estimated circulation of 22,250,000.

17. The Summary Settlement Notice will appear in national consumer magazines as follows:

- a. A half-page ad (3.5" x 10") once in *Better Home and Gardens* with an estimated circulation of 7,600,000.
- b. A half-page ad (4.25" x 10.625") once in *ESPN The Magazine* with an estimated circulation of 2,000,000.
- c. A half-page ad (3.625" x 10.625") once in *Good Housekeeping* with an estimated circulation of 4,300,000.
- d. A full-page ad (5.75" x 9") once in *National Geographic* with an estimated circulation of 4,000,000.
- e. A half-page ad (3.5" x 10") once in *Parents* with an estimated circulation of 2,200,000.
- f. Two half-page ads (3.375" x 10") once in *People* with an estimated circulation of 3,475,000.
- g. A half-page ad (3.375" x 10") once in *People en Español* with an estimated circulation of 540,000.
- h. A half-page ad (7" x 5") once in *Popular Science* with an estimated circulation of 1,300,000.
- i. A full-page ad (4.687" x 6.75") once in *Reader's Digest* with an estimated circulation of 5,500,000.
- j. A half-page ad (3.5" x 10") once in *Time* with an estimated circulation of 3,250,000.

18. The Summary Settlement Notice will appear in the following newspapers in the United States Territories as an ad equivalent to a one-fourth-page ad in a typical newspaper (ad sizes vary by newspaper and are listed below along with circulation):

Newspaper	Circulation	Ad Size
<i>El Nuevo Dia</i>	250,000	10.87" x 6"
<i>El Vocero</i>	140,000	10" x 6"
<i>Pacific Daily News</i>	30,000	9.87" x 6"
<i>Primera Hora</i>	140,869	10.87" x 6"
<i>Puerto Rico Daily Sun</i>	30,000	4.896" x 12"
<i>Saipan Tribune</i>	2,500	7.25" x 10.25"
<i>Samoa News</i>	4,000	4" x 16"
<i>St. Croix Avis</i>	14,000	4" x 13"
<i>St. John's Trade Winds</i>	2,000	6" x 8"
<i>Virgin Islands Daily News</i>	13,000	10.25" x 5.5"

19. Internet advertising will include the following placements for a five-week period, which will include a total of 313,511,000 gross impressions²:

- a. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the 24/7 Real Media Network. 24/7 Real Media is a network that represents over 800 websites.
- b. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on various AOL websites. The AOL Advertising Network is one of the leading Internet brands providing content on top news, movies, music, weather, finance, sports, and horoscopes.
- c. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the Batanga network. The Batanga network is the number one Hispanic ad network, delivering over 15 million online U.S. Hispanics on Spanish-language websites.

² Gross Impressions are the total number of times a media vehicle containing the notice is seen. This is a duplicated figure, as some viewers will see several media vehicles that contain the notice.

- d. A banner advertisement measuring 110 x 80 pixels will appear, on a rotating basis, on Facebook.com, which is a free, global social networking website that helps people communicate with friends, family, and coworkers.
- e. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the Komli network, which is the leading digital media platform for the Asian American audience.
- f. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the Microsoft Media Network, which is a premium ad network of top-ranked commercial sites.
- g. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the RMM Network. The RMM Network is an online ad network that delivers premium display or video inventory.
- h. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the Specific Media Network. Specific Media is an online media company that enables advertisers to target audiences through advanced proprietary technologies across a premium network.
- i. Banner advertisements measuring 728 x 90, 300 x 250, and 160 x 600 pixels will appear, on a rotating basis, on various Yahoo! Web pages. Yahoo is a leading Internet brand and global online network of integrated services providing users with entertainment and other quality content.

Electronic Notice

20. A website will be established to enable potential Class Members to get information on the Settlement. The website will also be listed with major search engines to enable Class Members to get information on the Settlement.

Reach of the Target Audience

21. For the purpose of evaluating the strength and efficiency of the media, the national newspaper supplements, national consumer magazines and Internet advertising³ were measured against the target audience to establish the estimated *reach*⁴ of the media program and the estimated *frequency*⁵ of exposure to the media vehicles.

- a. An estimated 90% of Toyota/Lexus/Scion Purchasers will be reached with an average estimated frequency of 3.0 times.

Content and Form of Notices

22. Rule 23(c)(2) of the Federal Rules of Civil Procedure requires class action notices to be written in “plain, easily understood language.” KM applies the plain language requirement in drafting notices in federal and state class actions. The firm maintains a strong commitment to adhering to the plain language requirement, while drawing on its experience and expertise to draft notices that effectively convey the necessary information to Class Members.

23. The Summary Settlement Notice and Short Form Notice are designed to get the reader’s attention. These Notices concisely and clearly state, in plain easily understandable

³ MRI does not measure the United States Territories newspapers. Therefore, their contribution to the overall reach of the media is not calculated.

⁴ Reach is the estimated number of different people exposed to a specific vehicle or combination of vehicles. It can be expressed as whole number or percentage of the total population.

⁵ Frequency is the estimated average number of opportunities an audience member has to see the notice.

language, all required information. Both Notices refer readers to the availability of a Long Form Notice, which is available to those who call or visit the website.

24. The Long Form Notice will be available at the website or by calling the toll-free number.

The Long Form Notice will be translated into Spanish, Chinese, Japanese, Korean, and Vietnamese. The Long Form Notice provides substantial information, including all specific instructions Class Members need to follow to properly exercise their rights, and background on the issues in the case. It is designed to encourage readership and understanding, in a well-organized and reader-friendly format.

Conclusion

25. It is my opinion that the reach of our target audiences and the number of exposure opportunities to the notice information is the best notice practicable under the circumstances, and it is consistent with the standards employed by KM in notification programs designed to reach unidentified members of settlement groups or classes. The Notice Program as designed is fully compliant with Rule 23 of the Federal Rules of Civil Procedure.

I declare under penalty of perjury that the foregoing is true and correct.

FIRM OVERVIEW

Kinsella Media, LLC (“KM”) is a nationally recognized legal notification firm in Washington, D.C. specializing in the design and implementation of notification programs to reach putative class members primarily in consumer and antitrust class actions and claimants in bankruptcy and mass tort litigation.

KM has developed and directed some of the largest and most complex national notification programs, primarily in antitrust, bankruptcy, consumer fraud, mass tort, and product liability litigation. Specific cases have spanned a broad spectrum of issues, including asbestos, breast implants, home siding and roofing products, infant formula, pharmaceuticals, polybutylene plumbing, tobacco, and Holocaust claims. The firm has developed or consulted on over 700 notification programs and has placed over \$300 million in paid media notice.

KM develops advertisements, press materials, websites, and other notice materials that bridge the gap between litigation complexities and the need for a clear and simple explanation of legal rights. The firm employs industry-recognized tools of media measurement to quantify the adequacy of the notice for the court, and ensures all notice materials are in “plain language” and are fully compliant with Rule 23 of the Federal Rules of Civil Procedure (“Rule 23”) and comparable state guidelines.

CASE BACKGROUND

CASE BACKGROUND: **SITUATION ANALYSIS**

KM has developed a Notice Program for a proposed national class action Settlement involving Toyota, Lexus and Scion vehicles. The goal of the Notice Program is to inform as many class members as possible about the Settlement and how it will affect their rights. The Notice Program recommends a multipronged approach including direct notice and paid media.

CASE BACKGROUND: CLASS DEFINITION

The Class is defined as:

All persons, entities or organizations who, at any time as of or before the entry of the Preliminary Approval Order, own or owned, purchase(d), lease(d) and/or insure(d) the residual value, as a Residual Value Insurer, of all Subject Vehicles equipped or installed with an ETCS distributed for sale or lease in any of the fifty States, the District of Columbia, Puerto Rico and all other United States territories and/or possessions. Excluded from the Class are: (a) Toyota, their officers, directors and employees; their affiliates and affiliates' officers, directors and employees; their distributors and distributors' officers, directors and employees; and Toyota Dealers and Toyota Dealers' officers and directors; (b) Plaintiffs' Class Counsel, Allocation Counsel and their employees; (c) judicial officers and their immediate family members and associated court staff assigned to this case; and (d) persons or entities who or which timely and properly exclude themselves from the Class as provided in this Agreement.

NOTICE PROGRAM OVERVIEW

NOTICE PROGRAM OVERVIEW: **PROGRAM COMPONENTS**

This Notice Program outlines procedures to provide notice of the Settlement of *In re: Toyota Motor Corp. Unintended Acceleration Marketing, Sales Practices, and Products Liability Litigation* as a class action, consistent with the requirements set forth in Rule 23.

KM recommends the following two-part notice program.

- **DIRECT NOTICE:** The Short Form Notice will be sent to current owners of covered Toyota, Lexus and Scion vehicles and certain previous owners who were registered owners during a specified period, based on records available through R.L. Polk & Co.
- **PAID MEDIA-BASED NOTICE:** After careful research of the demographics of Class Members, KM recommends broad paid media notice comprised of print and Internet vehicles that will reach Class Members, including:
 - Consumer magazines,
 - Newspaper supplements,
 - Local newspapers in U.S. territories and possessions, and
 - Internet banner ads on multiple networks and hundreds of targeted websites.

To complement the Notice Program and to ensure Class Members' easy access to updated information, KM recommends a dedicated informational website.

NOTICE PROGRAM OVERVIEW: **DIRECT NOTICE**

Direct mail notice will consist of mailing the Short Form Notice to specified Class Members, informing them of their legal rights and how they may participate in or opt-out of the class action. The Short Form Notice will be sent to:

- More than 16 million Class Members, including current owners of covered Toyota, Lexus and Scion vehicles and certain previous owners who were registered owners during a specified period, based on records available to Toyota.

NOTICE PROGRAM OVERVIEW:
PAID MEDIA PROGRAM

To reach Class Members to whom direct notice is not practicable, KM recommends the use of measurable paid media. Paid media advertising is guaranteed to appear, allowing for control of the content, timing, and positioning of the message. Newspapers, consumer magazines, television, radio, and the Internet, among other sources, offer paid media opportunities.

In considering which media to use for this case, KM evaluated the media consumption habits of the following target audience: people who bought any Toyota, Lexus or Scion make and model (“Toyota/Lexus/Scion Purchasers”).

Based on data regarding the target audience’s media consumption, KM researched the most appropriate media vehicles that would be best for this case. KM reviewed available consumer magazines, newspaper supplements, and Internet for reach of the target audiences as well as compatibility of the editorial.

NOTICE PROGRAM OVERVIEW: **PAID MEDIA PLACEMENTS SUMMARY**

The following list provides a brief summary of KM's recommended media placements in this case. More detailed information about each publication and its applicability to the target audience in this case appears in the Paid Media Placements section of this plan.

PAID MEDIA METHODOLOGY

PAID MEDIA METHODOLOGY

KM notice programs directed to unidentified class members: (1) identify the demographics of class members and establish a target audience, (2) outline the methodology for selecting the media and other program elements and how they relate to product usage or exposure, and (3) provide results that quantify for the court the adequacy of the notice based upon recognized tools of media measurement.

KM employs methodology and measurement tools used in the media planning and advertising industry for designing and measuring the adequacy of a paid media program to reach a particular audience.

Choosing a target audience that encompasses the characteristics of class members is the first step in designing the paid media program. KM chooses media vehicles based on their ability to provide effective and cost-efficient penetration of the target audience. Then it measures selected vehicles against the target audience to quantify the reach of the media program and the frequency of exposure to the media vehicles. Reach and frequency estimates are two of the primary measurements used to quantify the media penetration of a target audience.

- **Reach** is the estimated number of different people exposed to a specific vehicle or combination of vehicles. It can be expressed as whole number or percentage of the total population.
- **Frequency** is the estimated average number of opportunities an audience member has to see the notice.

TARGET AUDIENCE

TARGET AUDIENCE: **SELECTION METHODOLOGY**

To develop a profile of the demographics and media habits of potential Class Members, KM analyzed syndicated data available from GfK MRI's *2012 Doublebase Study*¹.

GfK MRI is the leading U.S. supplier of multimedia audience research. As a nationally accredited research firm, it provides information to magazines, television, radio, Internet and other media, leading national advertisers and over 450 advertising agencies – including 90 of the top 100 in the U.S. GfK MRI's nationally syndicated data are widely used by these companies as the basis for the majority of the media and marketing plans written for advertised brands in the U.S.

Specifically, GfK MRI presents a single-source measurement of major media, products, services, and in-depth consumer demographic and lifestyle characteristics. GfK MRI provides data on media usage, audience composition, and other relevant factors pertaining to all major media types as well as the readership of print vehicles.

Since it is not possible to measure Internet against the target of people who leased any Toyota, Lexus or Scion make and model, KM selected the target “people who bought any Toyota, Lexus or Scion make and model,” which can be measured for all media. It can be reasonably expected that purchasers or lessors of these vehicles would be demographically similar. Therefore, the measured delivery of media to the “Toyota/Lexus/Scion Purchasers” will be representative of delivery to Class Members.

Therefore, to adequately reach the Class, KM will purchase and measure media against the following primary target:

- People who bought any Toyota, Lexus or Scion make and model (“Toyota/Lexus/Scion Purchasers”).

¹ Since 1979, GfK MRI's Survey of the American Consumer has conducted detailed polling of a large sample of U.S. adults about the media they see and hear and about the products they use. Participants in the survey are identified by age, occupation, income, education and by where they live, among other things. They are asked what magazines and newspapers they read, what TV shows and cable channels they watch, and are asked questions about Internet access and radio formats. Survey data indicate the brands and products they use from among 500 categories and 6000 consumer brands. The data from this survey is used by media practitioners industry-wide to characterize media and product users by

TARGET AUDIENCE: **DEMOGRAPHICS**

Based on GfK MRI data, the graph below outlines the demographics of the target audience and the demographics of adults 18 years and older (“Adults 18+”) for comparison purposes:

DEMOGRAPHICS	ADULTS 18+	TOYOTA/LEXUS/ SCION PURCHASERS	TOYOTA/LEXUS/SCION BOUGHT OR LEASED

Other	9.5%	9.0%	9.5%

² The total percentages listed do not equal exactly 100% percent because GfK MRI rounds up all percentages to the nearest tenth of a decimal.

³ The GfK MRI *Doublebase Study* allows for multi-classification of an individual’s ethnicity. Therefore, the sum of all ethnicities may be greater than 100%.

Location ⁴			
A & B Counties	71.7%	76.9%	77.2%
C & D Counties	28.3%	23.1%	22.7%

Based on these data, Toyota/Lexus/Scion Purchasers are more likely than the average adult to:

- Be 25-64 years of age.
- Have a college degree.
- Live in the A & B Counties.
- Be homeowners.
- Make \$60,000 and more.

In addition, Asians are a higher percentage of the target audience than they are of the Asian population as a whole.

⁴ A Counties, as defined by A.C. Nielsen Company (“Nielsen”), are all counties belonging to the 25 largest metropolitan areas. These metro areas correspond to the Metropolitan Statistical Area and include the largest cities and consolidated areas in the United States. B Counties, as defined by Nielsen, are all counties not included under A that have either a population greater than 150,000 or are in a metro area with a population greater than 150,000 according to the latest census. C Counties, as defined by Nielsen, are all counties not included under A or B that either have a population greater than 40,000 or are in a metro area with a population greater than 40,000 according to the latest census. D Counties are, essentially, rural counties.

TARGET AUDIENCE: **MEDIA USAGE**

Individuals spend varying amounts of time with different media. Certain demographic groups may be heavy consumers, light consumers, or non-users of a particular medium. For example, GfK MRI data shows that individuals who are less educated are likely to be heavy television viewers and light newspaper readers. Conversely, highly educated individuals are more likely to be heavy newspaper readers and light television viewers.

KM notice plans focus on the media types used most often by the target audiences. To examine the media habits of the target audience, KM compares the target audience's media usage to that of the average adult 18 years of age and older ("Adult 18+") in usage quintiles reported by GfK MRI. The study ranks respondents based on their amount of exposure to a medium and divides them into five equal-sized groups ("quintiles") from heaviest usage (1) to lightest usage (5).

The media usage of the target audience in each quintile is expressed as an index. An index of 100 is the average adult's usage of a particular medium. Therefore, an index above 100 indicates a heavier usage of the medium than the average adult, and an index below 100 indicates a lighter usage of the medium than the average adult.

The target audience's top two quintiles (heaviest and next heaviest usage) for each type of media are:

MEDIA	ADULTS 18+	TOYOTA/LEXUS/ SCION PURCHASERS	TOYOTA/LEXUS/ SCION BOUGHT OR LEASED
Magazine			
Quintile 1	100.0	104.2	104.6
Quintile 2	100.0	105.3	104.4
Newspaper			
Quintile 1	100.0	115.5	114.8
Quintile 2	100.0	98.8	98.3

Internet			
Quintile 1	100.0	110.3	110.8
Quintile 2	100.0	117.4	118.0

These data indicate the following regarding media consumption habits of each brand bought or leased:

Target	Brands	Demographics	Media Usage
Bought or Leased	Toyota	<ul style="list-style-type: none">Adults 25-64 years\$60,000+ household income	<ul style="list-style-type: none">Above average magazinesHeavy newspapersAverage Internet

The target audience also includes 13% Hispanics and 6% Asians. This level of Class membership warranted some multi-cultural media placements.

PAID MEDIA PLACEMENTS

PAID MEDIA PLACEMENTS: **NEWSPAPER SUPPLEMENTS**

Parade and *USA Weekend* are publications known as newspaper supplements that are inserted into weekend or Sunday editions newspapers nationwide. These magazines, printed on newsprint, contain articles written for broad, general appeal and encourage readership through brevity. Issues are typically fewer than 30 pages. For this Notice Program, KM recommends newspaper supplements because of their cost-effective reach capability.

Parade appears in 640 papers and *USA Weekend* in more than 800. (There is a small amount of overlap, as some papers carry more than one supplement, so these numbers are not cumulative.) *Parade* and *USA Weekend* together reach every major media market in the country. The selected supplements provide coverage in all 50 states and the District of Columbia. A list of the newspapers into which the selected supplements are inserted is attached as Exhibit A.

KM recommends the following newspaper supplement placements:

PARADE

- A two-fifths-page ad (5.25" x 6.75") twice in *Parade* with an estimated circulation of 32,500,000.⁵
- *Parade* is carried in the Sunday edition of 640 daily newspapers and is the highest circulating magazine in the world. Carrier newspapers serve major urban and suburban markets in the U.S.
- 30.2% of Toyota/Lexus/Scion Purchasers read an average issue of *Parade*.
- 29.8% of Toyota/Lexus/Scion Bought or Leased read an average issue of *Parade*.

- A two-fifths-page ad (5" x 6.4375") twice in *USA Weekend* with an estimated circulation of 22,250,000.

⁵ The GfK MRI readership estimates for *Parade* and *USA Weekend* are reflective of the broader readership measurement of the newspaper carrier groups into which these supplements are inserted. A custom study, conducted in 2003, by GfK MRI indicates that the actual readership of the supplements is less than that of the carrier papers. While this study provided directional insight into the audience, the data provided is highly variable and insufficient for use in specific computation of reach and frequency. Therefore, the use of carrier paper readership for the newspaper supplements remains an accredited methodology.

- *USA Weekend* is carried in the weekend edition of 800 daily newspapers in major markets, complementing U.S. markets served by *Parade*.
- 17.3% of Toyota/Lexus/Scion Purchasers read an average issue of *USA Weekend*.
- 17.3% of Toyota/Lexus/Scion Bought or Leased read an average issue of *USA Weekend*.

Readership includes both primary readers and pass-along readers. Primary readers purchase a publication or are members of a household where the publication was purchased. Pass-along readers are those who read the publication outside the home, in places such as a doctor's office. The table below indicates the estimated number of readers in the target audience of an average issue of the magazine or newspaper supplement:

<i>Time</i>	1	3,309,000	3,391,000
<i>USA Weekend</i>	2	6,300,000	6,504,000

GfK MRI does not measure U.S. territories and possessions. Therefore, their contribution to the overall reach of the media is not calculated. Their inclusion in the Notice Program is still recommended, however, given the Class definition.

PAID MEDIA PLACEMENTS: **INTERNET ADVERTISING**

GfK MRI provides data on Internet usage by asking survey respondents about their online usage during the 30 days prior to the survey. According to GfK MRI, 86.7% of Toyota/Lexus/Scion Purchasers and 86.6% of Toyota/Lexus/Scion Bought or Leased used the Internet during the last 30 days.

Accordingly, KM recommends incorporating Internet advertising into the Notice Program in order to provide potential Class Members with additional national notice opportunities beyond the broad-reaching print program. Internet advertising delivers an immediate message and allows the viewer of an advertisement to instantly click through to a website for further information.

WEBSITE ADVERTISING

KM recommends placing ads on a wide range of websites, enabling maximum exposure opportunities to reach the broad audience of Toyota/Lexus/Scion Purchasers. In addition, websites with audiences that are highly comprised of the specific target audiences were also selected. (Delivery of Internet impressions to specific sites and categories within sites are subject to availability at the time KM purchases the media.)

KM recommends the following Web placements, which will run for approximately 30 days:

- 24/7 Real Media is a network that represents over 800 websites. A partial list of websites in the 24/7 Real Media Network is attached as Exhibit B.

- Banner advertisements measuring 728 x 90 pixels, 300 x 250 pixels, and 160 x 600 pixels will appear, on a rotating basis, on websites that are part of the RMM Network.

- Specific Media is an online media company that enables advertisers to target audiences through advanced proprietary technologies across a premium network.
- Banner advertisements measuring 728 x 90 pixels, 300 x 250 pixels, and 160 x 600 pixels will appear, on a rotating basis, on the Specific Media Network.

- Yahoo! is a leading Internet brand and a global online network of integrated services providing users with entertainment and other quality content. Banner advertisements will appear on a variety of Yahoo's web pages.
- Banner advertisements measuring 728 x 90 pixels, 300 x 250 pixels, 160 x 600 pixels will appear, on a rotating basis, on various Yahoo! Web pages.

NATIONAL MEDIA DELIVERY

The paid media program outlined in this plan provides Class Members with multiple exposure opportunities to media vehicles carrying the Notice and delivers the following estimated reach and frequency measurements to the target audience defined by the 2012 comScore//GfK MRI Media (10-12/S12) Study⁶ from GfK MRI and comScore:

- An estimated 90.0% of Toyota/Lexus/Scion Purchasers will be reached with an average estimated frequency of 3.0 times, delivering 121,443,000 gross impressions.

Although the target, people who leased any Toyota, Scion or Lexus make and model, is not measured in comScore, it is likely, given the media usage habits, that the estimated reach of the Notice Program will be similar to that of people who own any Toyota, Scion or Lexus make and model.

⁶ GfK MRI Net+ Fusion combines GfK MRI's *Survey of the American Consumer* and Nielsen Online's NetView, providing a single-source dataset of off-line and online media usage by American consumers. Nielsen uses a patented metering technology and representative panels of Internet users to collect and report consumer Internet usage. The GfK MRI survey provides data on magazine and newspaper reading, television viewing, radio listening, product consumption, psychographic characteristics, computer and Internet access configurations, and geo-demographic characteristics. Combining the two datasets provides unduplicated audience estimates across print and online media.

NOTICE DESIGN

NOTICE DESIGN: **LONG FORM NOTICE**

The Long Form Notice will be compliant with Rule 23 and consistent with the Federal Judicial Center’s “illustrative” class action notices. Specifically, the Long Form Notice will clearly and concisely state in plain, easily understood language:

- The nature of the action;
- The definition of the class certified;
- The class claims, issues, or defenses;
- That a class member may enter an appearance through an attorney if the member so desires;
- That the Court will exclude from the class any member who requests exclusion;
- The time and manner for requesting exclusion; and
- The binding effect of a class judgment on members under Rule 23 (c)(3).

The Long Form Notice will prominently feature a toll-free number and website address for Class Members to obtain more information and file a claim. The Long Form Notice will be translated into Spanish, Chinese, Japanese, Korean, and Vietnamese and such translations will be available on the Class Action Administrator’s dedicated website, [www.website.com].

NOTICE DESIGN:
SHORT FORM NOTICE

The plain language Short Form Notice is designed to alert Class Members to the litigation by using a bold headline. This headline will enable Class Members to quickly determine if they are potentially affected by the litigation. Plain language text provides important information regarding the subject of the litigation, the Class definition, and the legal rights available to Class Members. The Short Form Notice will include all the substantive information required by Rule 23.

The Short Form Notice will prominently feature a toll-free number and website address for Class Members to obtain the Short Form Notice and other information. The Short Form Notice will also include a tear-off Notice that Class Members can keep in their glove box to remind them about the future benefits available through the Customer Support Program. The Short Form Notice will be translated into Spanish, and such translations will be available on the Class Action Administrator's dedicated website, [www.website.com].

NOTICE DESIGN:
SUMMARY SETTLEMENT NOTICE

Rule 23(c)(2) of the Federal Rules of Civil Procedure requires notices in 23(b)(3) class actions to be written in “plain, easily understood language.” KM applies the plain language requirement in drafting all notices in federal and state class actions. The firm maintains a strong commitment to adhering to the plain language requirement, while drawing on its experience and expertise to draft notices that effectively convey the necessary information to Class Members.

The plain language Summary Settlement Notice is designed to alert Class Members to the litigation by using a bold headline. This headline will enable Class Members to quickly determine if they are potentially affected by the litigation. Plain language text provides important information regarding the subject of the litigation, the Class definition and the legal rights available to Class Members. The Summary Settlement Notice includes all the substantive information required by Rule 23.

Each advertisement will prominently feature a toll-free number and website for Class Members to obtain the Long Form Notice and other information. The Summary Settlement Notice will be translated into Spanish..

NOTICE DESIGN: **WEBSITE AND INTERNET ADS**

An informational interactive website is a critical component of the Class Notice Program. A dedicated website is a constant information source instantly accessible to millions. In this case, the dedicated site will capitalize on the Internet's ability to distribute information and provide access to customer service. Internet banner ads will direct Class Members to the website.

WEBSITE DESIGN

Combining clean site design, consistent site navigation cues and search engine optimization, the website will provide Class Members with easy access to the details of the litigation.

- **CLEAN DESIGN:** The site will be designed for ease of navigation and comprehension, with user-friendly words and icons. Clearly labeled content will include the Long Form Notice, court documents, and answers to frequently asked questions.
- **ONLINE CLAIM FILING:** In an effort to make it even easier for Class Members to make claims, the website will allow users to request hard copies of materials, and/or make a claim online.

INTERNET BANNER AD DESIGN

KM will design Internet banner advertisements to alert Class Members to the litigation by using a bold headline. The headline will enable Class Members to quickly determine if they may be affected by the litigation. When users click on the banner advertisement, they will be connected to the dedicated website that contains detailed information about their legal rights.

For reference, below is an Internet banner ad drafted for this case:

The Internet banner ad will be translated into Spanish, Chinese, Japanese, Korean, and Vietnamese.

TOLL-FREE TELEPHONE SUPPORT

A toll-free interactive voice response system (IVR) will be established to service Class Members calling as a result of seeing the paid media notice. Callers requesting the Long Form Notice will be prompted to input the telephone number of the residence where they would like to receive the Notice.

The system uses an address look-up database to locate the corresponding address of the resident. A portion of the address will be read back to the caller for address verification. For successful look-ups, the caller will be asked to speak the Class Member's full name and to spell the last name. If the look-up fails, is incorrect, or the call is placed from a rotary dial telephone, callers will be prompted to state their name and address.

Judicial Comments

In re Compact Disc Minimum Advertised Price Antitrust Litigation, MDL No. 1361 (D. Me.).

In approving the notice plan for implementation in the Compact Disc Minimum Advertised Price Antitrust Litigation, Judge D. Brock Hornby stated, “(the plan) provided the best practicable notice under the circumstances and complied with the requirements of both 15 U.S.C. 15c(b) (1) . . . the notice distribution was excellently designed, reasonably calculated to reach potential class members, and ultimately highly successful in doing so.” - Hon. D. Brock Hornby (2002/2003)

In re International Air Transportation Surcharge Antitrust Litigation, No. M 06-1793, MDL No. 1793 (N.D. Cal.).

In approving the notice plan in this litigation that involved a proposed settlement of more than \$200 million for U.S. and U.K. class members, U.S. District Judge Charles Breyer repeatedly praised KNC: “I think the notice is remarkable in this case. . . . This is brilliant. This is the best notice I’ve seen since I’ve been on the bench. . . . Turning back to the settlement, again I want to applaud the parties for the notice. I mean it’s amazing. You know, it really is good. And I don’t know where this person practices, I don’t even know that she’s a lawyer. But she really did a good job on this announcement, this notice. So thank you very much. . . . And I once again want to express my sincere appreciation of the notice. I mean, I was just extraordinarily impressed. Extraordinarily impressed.” – Hon. Charles Breyer (2008)

Cox v. Shell Oil Co., No. 95-CV-2 (Tenn. Ch. Ct. Obion County)

In the order approving the settlement of the polybutylene pipe class action, Judge Maloan stated, “The Court finds the notice program is excellent. As specified in the findings below, the evidence supports the conclusion that the notice program is one of the most comprehensive class notice campaigns ever undertaken.” (1995)

Galanti v. The Goodyear Tire & Rubber Co., No. 03-209 (D.N.J.)

“The published notice, direct notice and Internet posting constituted the best practicable notice of the Fairness Hearing, the proposed Amended Agreement, Class Counsels’ application for fees, expenses and costs, and other matters set forth in the Class Notice and the Summary Notice. The notice constituted valid, due and sufficient notice to all members of the Settlement Classes, and complied fully with the requirements of Rule 23 of the Federal Rules of Civil Procedure, the Constitution of the United States, the laws of New Jersey and any other applicable law.” – Hon. Stanley R. Chesler (2004)

Azizian v. Federated Department Stores, Inc., No. 3:03 CV-03359 (N.D. Cal.).

“The notice was reasonable and the best notice practicable under the circumstances; was due, adequate and sufficient notice to all class members; and complied fully with the laws of the United States and of the Federal Rules for Civil Procedure, due process and any other applicable rules of court.” - Hon. Sandra Brown Armstrong (2004)

Collins v. Pension Benefit Guarantee Corp., No. 88-3406 (D.D.C.).

“The notice provided was the best notice practicable under the circumstances. Indeed, the record shows that the notice given was consistent with the highest standards of compliance with Rule 23(e).” (1996)

Cox v. Microsoft Corporation, No. 105193/00 (N.Y. Sup. Ct. N.Y. County).

“The court finds that the combination of individual mailing, e-mail, website and publication notice in this action is the most effective and best notice practicable under all the circumstances, constitutes due, adequate and reasonable notice to all Class members and otherwise satisfies the requirements of CPLR 904, 908 and other applicable rules. The Settlement meets the due process requirement for class actions by providing Class members an opportunity either to be heard and participate in the litigation or to remove themselves from the Class.” - Hon. Karla Moskowitz (2006)

Foothill/De Anza Community College District v. Northwest Pipe Co., No. CV-00-20749 (N.D. Cal.)

“The Court finds that the settling parties undertook a thorough and extensive notice campaign designed by Kinsella/Novak Communications, Ltd., a nationally-recognized expert in this specialized field. The Court finds and concludes that the Notice Program as designed and implemented provides the best practicable notice to the Class, and satisfied requirements of due process.” - Hon. Jeremy Fogel (2004)

Georgine v. Amchem, 158 F.R.D. 314, 326 (E.D. Pa.).

Judge Reed explained that the notice program developed by Kinsella “goes beyond that provided in [previous cases]” and “the efforts here are more than adequate to meet the requirements of Rule 23(c)(2).” (1993)

Higgins v. Archer-Daniels Midland Co., Second Judicial District Court, County of Bernalillo C-202-CV-200306168 (N.M. 2d Jud. Dist. Bernalillo County)

“The Court finds that the form and method of notice given to the Settlement Class, including both mailed notice to persons and firms for whom such notice was practical and extensive notice by publication through multiple national and specialized publications, complied with the requirements of

Rule 1-023 NMRA 2006, satisfied the requirements of due process, was the best notice practicable under the circumstances, and constituted due and sufficient notice of the Settlement Agreements and their Final Approval Hearing, and other matters referred to in the Notice. The notice given to the Settlement Class was reasonably calculated under the circumstances to inform them of the pendency of the actions involved in this case, of all material elements of the proposed Settlements, and of their opportunity to exclude themselves from, object to, or comment on the Settlements and to appear at the Final Approval Hearing.” -Hon. William F. Lang (2006)

In re The Celotex Corporation, Nos. 90-10016-8B1 and 90-10017-8B1 (Bankr. M.D. Fla.).

“...all counsel should be complimented on the fact that they have gone to every possible conceivable method of giving notice from putting it on TV and advertising it in papers..... the record should also reflect the Court’s appreciation to Ms. Kinsella for all the work she’s done, not only in pure noticing, but ensuring that what noticing we did was done correctly and professionally.” - Hon. Thomas E. Baynes, Jr.

Ahearn v. Fibreboard Corp., No. 6:93 cv526 (E.D. Tex.); *Continental Casualty Co. v. Rudd*, No. 6:94cv458 (E.D. Tex.).

In approving the notice plan for implementation in the Ahearn and Rudd class actions in 1994, Judge Parker stated, "I have reviewed the plan of dissemination, and I have compared them to my knowledge at least of similar cases, the notices that Judge Weinstein has worked with [Agent Orange] and Judge Pointer [Silicon Gel Breast Implants], and it appears to be clearly superior." - Chief Judge Robert M. Parker (1994)

In re Western States Wholesale Natural Gas Antitrust Litigation, No. CV-03-1431, MDL No. 1566, (D. Nev) (natural gas).

“This notice program fully complied with Federal Rule of Civil Procedure 23 and the requirements of due process. It provided to the MDL Class the best notice practicable under the circumstances.” - Hon. Philip M. Pro (2007)

Johns-Manville Corp. 68 B.R. 618, 626 (Bankr. S.D.N.Y. 1986), *aff’d*, 78 B.R. 407 (S.D.N.Y. 1987), *aff’d sub nom. Kane v. Johns-Manville Corp.* 843 F.2d. 636 (2d Cir. 1988).

In approving the notification plan in the Johns-Manville Bankruptcy Reorganization, the court referred to it as "an extensive campaign designed to provide the maximum amount of publicity ... that was reasonable to expect of man and media." - Hon. Burton Lifland (1996/1998)

Lovelis v. Titeflex Corp., No. CIV-2004-211 (Ark. 9th Cir. Ct. Clark Co.)

“Accordingly, the Notice as disseminated is finally approved as fair, reasonable, and adequate notice under the circumstances. The Court finds and concludes that due and adequate notice of the pendency of this Action, the Stipulation, and the Final Settlement Hearing has been provided to members of the Settlement Class, and the Court further finds and concludes that the Notice campaign described in the Preliminary Approval Order and completed by the Parties complied fully with the requirements of Arkansas Rule of Civil Procedure 23 and the requirements of due process under the Arkansas and United States Constitutions. The Court further finds that the Notice campaign undertaken concisely and clearly states in plain, easily understood language:

- (a.) the nature of the action;
- (b.) the definition of the class certified;
- (c.) the class claims, issues or defenses;
- (d.) that a Class Member may enter an appearance and participate in person or through counsel if the member so desires;
- (e.) that the Court will exclude from the class any member who requests exclusion, stating when and how members may elect to be excluded; and
- (f.) the binding effect of the Final Order and Judgment on Class Members.

- Hon. John A. Thomas

Naef v. Masonite Corp., No. CV-94-4033 (Ala. Cir. Ct. Mobile County)

“In November, 1997, the Court approved a massive Notice Program to apprise class members of the class action Settlement, including the individually mailed, notices, publication notice and notification by way of other avenues nationally and locally. This Notice Program was designed by recognized experts, approved by the mediator and the Court, and implemented diligently by the parties, at defendants’ cost. It provided the best notice practicable to the Class, comports with due process, and was clearly adequate under Alabama Rule of Civil Procedure 23(e), the United States Constitution, and other applicable law.” - Hon. Robert G. Kendall (1997)

A proposed settlement has been reached in a class action alleging that certain Toyota, Lexus, and Scion vehicle models equipped with electronic throttle control systems (ETCS) are defective and can experience acceleration that is unintended by the driver. Toyota denies that it has violated any law, denies that it engaged in any and all wrongdoing, and denies that its ETCS is defective. The parties agreed to resolve these matters before these issues were decided by the Court. **The sole purpose of this notice is to inform you of the class action and the proposed settlement so that you may decide what to do.**

Records available to Toyota indicate that you may be a class member for a vehicle for which the last four digits of the Vehicle Identification Number (VIN) is [last four digits]. **If you are a class member, your rights may be affected, even if you take no action. You may be required to take action in order to get money and/or to protect your rights. This settlement does not involve claims of personal injury or property damage.**

If you are a class member, you may be entitled to: (1) receive a cash payment for alleged loss upon certain disposition of a Subject Vehicle during the period from September 1, 2009 through December 31, 2010 or upon early lease termination following an alleged unintended acceleration event that you reported; (2) have installed a brake override system in certain Subject Vehicle at no charge; (3) receive a cash payment if you are not eligible for a brake override system in the Subject Vehicle; (4) participate in a Customer Support Program (as described below); and/or (5) other settlement benefits.

[Perforation for Tear-off for Customer Support Program]

PLEASE TEAR OFF THIS CUSTOMER SUPPORT PROGRAM AT THE PERFORATION AND PLACE IT IN YOUR SUBJECT VEHICLE'S GLOVE BOX. THIS IS AN IMPORTANT DOCUMENT THAT YOU SHOULD KEEP IN YOUR VEHICLE WITH YOUR WARRANTY DOCUMENTS.

If the Court grants final approval of the settlement, Toyota is offering a Customer Support Program to all Class Members who still own or lease their Subject Vehicles as of the date of final approval by the Court. The Customer Support Program will provide prospective coverage for repairs and adjustments needed to correct defects in materials or workmanship, if any, in any of the following components in your Subject Vehicle following the date of final approval by the Court: (i) engine control module; (ii) cruise control switch; (iii) accelerator pedal assembly; (iv) stop lamp switch; and (v) throttle body assembly. The duration of prospective coverage will begin following the date of final approval by the Court and will be calculated based on 10 years from the expiration of the existing warranty for each of these parts, with a maximum limit of 150,000 miles from the vehicle's in-service date, which is the first date the vehicle is either delivered to an ultimate purchaser, leased, or used as a company car or demonstrator. Regardless of mileage or warranty expiration, each eligible Subject Vehicle will receive no less than 3 years of coverage from the date of final approval by the Court. This Customer Support Program will not cover the cost for past repairs.

If you currently own a Toyota, Lexus or Scion vehicle, you must consult [www.\[website\].com](http://www.[website].com) to determine how this settlement may affect you including whether you may have additional claims.

CLAIMS REVIEW PROTOCOL

Pursuant to the Preliminary Approval Order, the Plan of Allocation and the Agreement, each Claim Form from a participating Claimant that has been timely submitted pursuant to the Settlement Agreement and subsequent Court Orders will be reviewed according to the Settlement Claims Review Protocol below, subject to the limitations and qualifications stated below (all capitalized terms as defined in the Agreement).

I. Claim Review Procedures

A. All information provided in the Claim Forms and supporting documentation submitted by the participating Claimant shall be entered into a database. Each Claim shall be marked as either **Category 1** (Cash Payment from the Alleged Diminished Value Fund) or **Category 2** (Cash Payment in Lieu of BOS). Subject to the limitations and qualifications stated below, the Class Action Settlement Administrator shall review all claims to insure that all information and documentation required for an eligible claim is presented on or with the Claim Forms. If there is missing information or documentation, the Class Action Settlement Administrator shall notify the Claimant and request correct and complete information and/or documentation.

B. The Class Action Settlement Administrator shall use its best efforts to use an optical scanning process to process the Claim Forms submitted by the website and by U.S. Mail, including, but not limited to, any supporting documentation.

C. Subject to the terms of the Agreement and this Claim Review Protocol, the Class Action Settlement Administrator shall gather, review, prepare, and address the Claim Forms received pursuant to the Claim Process. If a Class Member submitting a Claim has not sufficiently completed the Claim Forms, the Class Action Settlement Administrator shall mail a letter to the Class Member informing him/her/it that the Claim Form was deficient and identifying the missing information.

D. The Class Member shall have thirty-five (35) days from the date of the postmarked letter to cure the deficiency(ies) identified by the Class Action Settlement Administrator. If a Class Member fails to cure the deficiency(ies) such that any required materials and/or missing information is/are received by the Class Action Settlement Administrator within said thirty-five (35) days, the Claim shall be deemed invalid and not paid.

E. The Class Action Settlement Administrator may request from Class Members submitting Claim Forms documents to substantiate and/or verify the information contained in the Claim Forms, and the Claim may be reduced or denied. The Class Member shall have thirty-five (35) days from the date of the postmarked letter to provide the substantiation and/or verification identified by the Class Action Settlement Administrator. If a Class Member fails to provide the

substantiation and/or verification within said thirty-five (35) days, the Claim shall be deemed invalid and not paid.

F. The Class Action Settlement Administrator shall exercise, in its discretion, all usual and customary steps to prevent fraud and abuse and take any reasonable steps to prevent fraud and abuse in the Claim Process. The Class Action Settlement Administrator may, in its discretion, deny in whole or in part any Claim to prevent actual or possible fraud and abuse.

G. Upon the agreement of the Parties, the Class Action Settlement Administrator will request confirmation of prior reporting of an unintended acceleration event to determine whether to make an award.

H. This Claim Review Protocol can be amended by written agreement of the Parties.

II. Review of Category 1 Claims (Cash Payment from the Alleged Diminished Value Fund)

Subject to the limitations and qualifications stated herein, the Class Action Settlement Administrator shall review all Category 1 claims to insure that the Claimants demonstrate in their Claim Forms and supporting documentation that they:

- (a) sold or traded in an owned Subject Vehicle during the period from September 1, 2009 to December 31, 2010, inclusive; or
- (b) returned a leased Subject Vehicle before the lease termination date during the period from September 1, 2009 to December 31, 2010, inclusive; or
- (c) insured and/or guaranteed the residual value of a Subject Vehicle as of September 1, 2009, and with respect to such Subject Vehicle, thereafter either made payment to an insured, or sold the Subject Vehicle, provided such payment or sale was made by a Residual Value Insurer on or before December 31, 2010; or
- (d) returned a leased Subject Vehicle before the lease termination date, after having reported an alleged unintended acceleration event(s) (as defined in the Claim Form attached to the Settlement Agreement) to Toyota, a Toyota Dealer or the National Highway Traffic Safety Administration (“NHTSA”) before December 1, 2012; or
- (e) owned a Subject Vehicle that was declared a total loss by an insurer during the period from September 1, 2009 to December 31, 2010, inclusive.

If the Class Action Settlement Administrator’s review establishes that a claim clearly demonstrates (a), (b), (c), (d) or (e) above, the Class Action Settlement Administrator shall

approve that claim and process it in accordance with the Plan of Allocation; provided, however, that no Class Member may submit more than one Claim (of any kind) per Subject Vehicle.

III. Review of Category 2 Claims (Cash Payment in Lieu of BOS)

Subject to the limitations and qualifications stated herein, the Class Action Settlement Administrator shall review all Category 2 claims to insure that the Claimants who own or lease a Subject Vehicle as of the date the Preliminary Approval Order is entered and shall demonstrate in their Claim Forms for this category of claims unless:

- (a) the Claimant's Subject Vehicle is a hybrid vehicle;
- (b) the Claimant's Subject Vehicle has already actually received BOS; and/or
- (c) the Claimant's Subject Vehicle is eligible to receive BOS.

If the Class Action Settlement Administrator's review establishes that a Claim clearly satisfies these standards above, the Class Action Settlement Administrator shall approve that Claim and process it in accordance with the Plan of Allocation; provided, however, that no Class Member may submit more than one Claim (of any kind) per Subject Vehicle.

IV. Notification of Individual Class Member Awards

Upon the completion of the Claim Process, Class Members shall be able to go to the Settlement website or may write to the Class Action Settlement Administrator who shall provide information to the Class Members of their individual awards by including secure information on the website or otherwise respond to their request.

The Class Action Settlement Administrator shall fulfill any escheatment obligations that arise.

Exhibit 15

AUTOMOBILE SAFETY AND EDUCATION PROGRAM

Overview

As provided in Section II (A)(6) of the Settlement Agreement dated December __, 2012, Toyota has agreed to fund scientific research by leading U.S. universities into the development of new active safety technologies and/or standards, as well as testing guidelines for emerging technologies (all capitalized terms as defined in the Settlement Agreement). In addition, Toyota has agreed to fund a national multi-media and community-based public-education campaign, supported by scientific research, that works to inform, enhance and promote safer driving among consumers. The parties agree that these safety research and education programs are tethered to the nature of, and certain issues in, the Actions and further the interests of Class Members.

Under the Settlement, Toyota has agreed to pay \$30 million for this Safety Research and Education Program following the Final Effective Date of the Settlement. Pursuant to the Settlement Agreement, additional funds may be made available depending on whether or not there are remainders in the two cash funds specified in Sections II (A)(2)(c) and II (A)(4)(c) of the Settlement Agreement. This Exhibit explains how the \$30 million fund will be used to benefit Class Members nationwide and further explains the manner in which decisions will be made concerning the use of any remainders from the cash funds described in Sections II(A)(2) and II (A)(4) of the Settlement Agreement.

Toyota's \$30 Million Commitment under Section II (A)(6)

A. Deposit into Escrow Fund

Within 30 days of the Final Effective Date, Toyota will deposit into the Escrow Account the sum of \$30 million, which will be distributed as described and pursuant to the instructions specified below. Toyota's payment of this amount into escrow fulfills the entirety of Toyota's financial commitment under this program. Without limiting the foregoing, all of the components identified below, including but not limited to any costs to administer the fund or the programs under the fund, are to be paid from this Escrow Account.

B. Research Focused on Consumer Knowledge and Use of Defensive Driving Techniques

1. The program will start with a new national consumer study, to be undertaken by a leading U.S. university, focused on driver attitudes, behaviors and levels of understanding concerning defensive driving techniques and the proper use of new automotive technology. It is currently expected that the study will be conducted by the University of Iowa (Public Policy Center), but prior to the Final Approval order, the parties may select another leading university to conduct the study.

- The study will focus on identifying critical gaps in awareness and practice regarding defensive driving skills, as well as on pinpointing the messages and techniques most effective in encouraging safer driver behavior and improving awareness and use of active safety technologies.
- Specific driver behaviors to be studied will include but not be limited to techniques for controlling and stopping vehicles in emergency situations; driver distraction; issues relating to driver pedal misapplication; and proper use by drivers of anti-lock brakes and other

advanced technologies made possible by electronic throttle control systems, such as brake override systems, vehicle stability control and radar cruise control.

- The study will assist the parties in developing the content of the National Driver Safety Education Campaign described below.
- The study will be an academically rigorous field study intended to inform the National Driver Safety Education campaign described below; inform ongoing and future research by other institutions, safety agencies and industry; and support other national and community-based driver safety education campaigns.
- The selected university may choose to retain a survey firm to help to develop and implement the field portions of the study.
- Approximately \$800,000 will be budgeted to fund the study (which includes any expense for the survey firm to help develop and implement the field portions of the study).

2. Plaintiffs' Class Counsel and Toyota's Negotiating Counsel will meet and confer to determine the instructions for distribution from the Escrow Account to pay for this component of the program. If Plaintiffs' Class Counsel and Toyota's Negotiating Counsel cannot reach a written agreement on these issues through their meet-and-confer process, any disagreements shall be resolved by the Settlement Special Master, whose written decision shall be final and binding.

C. National Driver Safety Education Campaign

1. The following National Driver Safety Education campaign will be undertaken by a leading U.S. university or national safety organization. It is currently expected that the campaign will be undertaken by the University of Iowa (Public Policy Center), but the parties may select another leading university or national safety organization prior to the Final Approval order. The campaign will follow the research described above and will be guided by its results. The campaign will include a combination of print, TV, digital and radio advertising to deliver the content of the program.

- The goal for reach/frequency for the program will be 90/12 (*i.e.*, 90% of adults in key target markets would see the company's message 12 times over the length of the campaign). This is based on an audience target of age 18 or older.
- The specific mix of media, as well as particular frequency and reach metrics, will be subject to discussion among Plaintiffs' Class Counsel, Toyota's Negotiating Counsel and the selected education organization partner, based in part on prevailing advertising rates at the time the program is launched.
- The budget would cover all costs of the campaign, including but not limited to the cost of producing the advertisements and buying the media space .
- The selected education organization will develop and suggest a plan, describing in detail the content, components and implementation of the campaign, subject to review by Plaintiffs' Class Counsel and Toyota's Negotiating Counsel. Any disagreements would be resolved through meet and confer among Plaintiffs' Class Counsel, Toyota's Negotiating Counsel and the selected education organization. If the parties cannot resolve any disputes through the

meet-and-confer process, any disagreements shall be resolved by the Settlement Special Master, whose written decision will be final and binding.

- The campaign may utilize consumer research data to inform messaging designed to change public attitudes and improve driving behaviors.
- The campaign would be supported by digital assets -- such as a website providing insights about common driving errors taken from the survey and tools/videos/tests/classroom materials to help educators instruct drivers about what to do in an emergency -- as well as social media.
- Safety experts from Toyota's Collaborative Safety Research Center may be engaged to help educate consumers about defensive driving techniques and active safety technologies as part of this campaign, but shall not be paid from the fund to do so.
- The budget for this campaign will not exceed \$14.2 million; funds would come from the Escrow Account, and counsel would meet and confer to agree upon payment instructions in writing, with the Settlement Special Master resolving, in writing, any disagreements regarding funding.

D. Safety Research

1. The third component of the program will fund university-based public research to develop advances in active safety features, vehicle control and driver attention.

- Leading U.S. universities will conduct research for the public benefit with a multi-year mandate to pursue research programs into existing, new or emerging active safety technologies, based around national and regulatory safety priorities, as well as to develop a better understanding of key safety-related behaviors, with findings to be shared broadly across the automotive industry.
- Each of the following universities has expressed interest in conducting this research under this program: Stanford University (CARS), University of Michigan (UMTRI), Texas A&M University (TTI), MIT (Age Lab) and the University of Iowa (Public Policy Center).
- The parties will choose some or all of these institutions to conduct the research and may add or substitute one or more similar universities prior to the Final Approval Order. Based on further discussion with the potential grant recipients, funding will occur either by direct grants to the institutions or by establishing a research consortium of multiple universities, with one university chosen to administer the research and meet the mandate defined by the program.
- Research topics for the research initiatives will benefit Class Members nationwide and will include, but not be limited to, general approaches to crash avoidance, human interface design, and lane departure warning/prevention and driver distraction.
- The budget for this research program will not exceed \$15 million.

- The parties may choose an administrator to oversee the administration of the grants under this program. Any costs and fees of the administrator will come from the fund established through the Settlement.

2. Plaintiffs' Class Counsel and Toyota's Negotiating Counsel will meet and confer to identify the grantee universities, determine the amounts from escrow that will be granted to these institutions, the specific research programs (that must be for the purposes stated above), and the instructions for distribution from the Escrow Account for this component of the program. If Plaintiffs' Class Counsel and Toyota's Negotiating Counsel cannot reach agreement in writing on these issues through their meet-and-confer process, any disagreements shall be resolved by the Settlement Special Master, whose written decision shall be final and binding.

Use of any Remainder from Settlement Cash Funds

A. Following expiration of the Claims Period, there may be additional funds that can be used for research and education pursuant to the calculations set forth in Sections II (A)(2)(c) and II (A)(4)(c) of the Settlement Agreement. Whether there will be any remaining funds and the amount of any remaining funds will not be known until after the expiration of the claims period and after the calculations have been made.

B. Once the calculations of any such remainder in the cash funds have been made pursuant to Sections II (A)(2)(c) and II (A)(4)(c) have been made, Plaintiffs' Class Counsel and Toyota's Negotiating Counsel will meet and confer to determine, in writing, the specifics regarding the optimal use of any such remainder. Although the specifics will be resolved through the meet-and-confer process, the parties agree that any such remainder will be used to: (1) fund scientific research by leading academic institutions into the development of new active safety technologies and/or standards and testing guidelines for emerging technologies and/or driving behaviors; and/or (2) fund an expansion or addition to the national multi-media and community-based public-education campaign that works to inform, enhance and promote safer driving among consumers. Any disagreements between the parties in this regard will be resolved by the Settlement Special Master, whose written decision will be final and binding. The same process will be used for any budgeted amounts under this program that are not actually spent in connection with the three components of the program.

Exhibit 16

PLAN OF ALLOCATION FOR ALLEGED DIMINISHED VALUE FUND

The law in various jurisdictions differs on the issue of whether, in order to bring claims, a Class Member's Subject Vehicle must have manifested an unintended acceleration ("UA") event as defined in the Claim Forms (all terms as defined in the Agreement, with the exception of the terms "Non-Manifestation States," "Manifestation States," and "Unclear States"). Allocation Counsel was appointed to represent the interests of Class Members in Manifestation States, Non-Manifestation States, and states where the law is unclear, respectively. The determination of Non-Manifestation States, Manifestation States, and Unclear States has been done solely by Plaintiffs' Class Counsel. The states are classified for the purposes of this allocation as provided below. The following lawyers were appointed as Allocation Counsel: Michael Kelly was appointed for Non-Manifestation States, Jayne Conroy for Manifestation States, and Ben Bailey for Unclear States. The allocation set forth below resulted from an allocation mediation supervised by Settlement Special Master Patrick Juneau.

As a part of the Settlement, Toyota has agreed to pay the sum of \$250,000,000 into the Alleged Diminished Value Fund in accordance with the terms of the Agreement. Plaintiffs' Class Counsel retained experts who carefully studied and modeled the alleged impact of adverse publicity concerning Toyota Subject Vehicles. These experts believe that the value of Toyota vehicles declined during the period September 1, 2009 to December 31, 2010 as a result of the above-referenced adverse publicity. These experts believe that the value of vehicles bought and sold, or leased and turned in at the end of the lease period, were not damaged if they were turned in outside that period.

Subject to any pro rata reduction as described in the Agreement, the allocation shall be as follows:

If an eligible class member purchased, leased, now resides or insured the residual value of a vehicle in a Non-Manifestation State:	100 percent of the amounts on the attached consumer matrix
If an eligible class member purchased, leased, now resides or insured the residual value of a vehicle registered in a Manifestation State:	30 percent of the amounts on the attached consumer matrix
If an eligible class member purchased, leased, now resides or insured the residual value of a vehicle registered in an Unclear State:	70 percent of the amounts on the attached consumer matrix

Class Members in Manifestation States and Unclear States will be entitled to the same payment as Class Members in a Non-Manifestation State if such Class Members, on or before December 1, 2012, reported to Toyota, a Toyota Dealer, or National Highway Transportation Safety Administration (“NHTSA”) that they believed that one or more of the following symptoms occurred in their Subject Vehicle: an unintended acceleration-related symptom as to which Toyota inspected the Subject Vehicle and was unable to identify the cause of the symptom; the possible loss of brake vacuum assist; an accelerator pedal that may be slow to return or stick in a partially depressed position; interference with the vehicle’s accelerator pedal with an incompatible or unsecured floor mat; increasing acceleration of the vehicle despite depressing only the brake pedal; acceleration (or failure to decelerate) when both the brake and accelerator pedals were depressed; rough or otherwise undesirable transmission shift sensation; the brakes did not respond as expected; unfamiliarity with the push-button on/off button; unexpected

operation of the cruise control system; one or more drivability concerns (e.g., hesitation, surging, lurching, etc.); or high engine RPM at idle.

If unclaimed funds remain after the Claim Period has expired and the unclaimed funds are sufficient to bring all eligible Manifestation States and Unclear States claimants up to 100% of eligible payment, the unclaimed funds shall be applied for those purposes. Any remaining unclaimed funds shall be distributed pursuant to Section II(A)(2)(c) of the Settlement Agreement.

If unclaimed funds remain after the Claim Period has expired and the amount of unclaimed funds is insufficient to bring all eligible Manifestation States and Unclear States claimants up to 100% of eligible payment, the remainder will be split 50% to Manifestation States claimants and 50% Unclear States claimants. In the event that either group of claimants is brought up to 100%, the balance of unclaimed funds will be applied to the other group of claimants.

Non-Manifestation States:

Alaska, Arizona, California, Connecticut, Hawaii, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New Mexico, New York (only if Subject Vehicle was sold during the period September 1, 2009 through December 31, 2010), Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Vermont, Washington, and West Virginia.

Manifestation States:

Arkansas, District of Columbia, Indiana, Mississippi, New Hampshire, North Carolina, North Dakota, South Carolina, Utah, and Wisconsin.

Unclear States:

Alabama, Colorado, Delaware, Florida, Georgia, New York (if Subject Vehicle not sold during the period September 1, 2009 through December 31, 2010), Virginia, and Wyoming.

PLAN OF ALLOCATION FOR CASH PAYMENT IN LIEU OF BOS

The law in various jurisdictions differs on the issue of whether, in order to bring claims, a Class Member's Subject Vehicle must have manifested a UA event. Allocation Counsel was appointed to represent the interests of Class Members in Manifestation, Non-Manifestation States, and states where the law is unclear, respectively. The determination of Non-Manifestation States, Manifestation States, and Unclear States has been done solely by Plaintiffs' Class Counsel. The states are classified for the purposes of this allocation as provided below. The following lawyers were appointed as Allocation Counsel: Michael Kelly was appointed for Non-Manifestation States, Jayne Conroy for Manifestation States, and Ben Bailey for Unclear States. The allocation set forth below resulted from an allocation mediation supervised by Settlement Special Master Patrick Juneau.

As part of the Settlement, Toyota has agreed to pay the sum of \$250,000,000 for eligible Class Members who own or lease a Subject Vehicle as of the date the Preliminary Approval Ordered is entered, if they comply with the Claims requirements of the Settlement, unless: (a) their Subject Vehicle is not a hybrid vehicle; (b) they already actually received BOS on their Subject Vehicle; or (c) they are eligible to receive BOS on their Subject Vehicle. The maximum per vehicle claim that can be made on this fund is \$125 ("BOS fund maximum payment"), which is Plaintiffs' Class Counsel's or their experts' estimated value for BOS. Class Members in Non-Manifestation States, Manifestation States, and Unclear States will be entitled to the same respective percentages of the maximum as found in the Plan of Allocation for the Alleged

Diminished Value Fund. So, for example, if the BOS fund maximum payment to a Class Member in a Non-Manifestation State would be \$125, a Class Member in a Unclear State would receive \$87.50 (70% of \$125), and a Class Member in an Manifestation State would receive \$37.50 (30% of \$125).

Subject to any pro rata reduction as provided in the Agreement, the allocation shall be as follows:

If an eligible class member purchased, leased or now resides in a Non-Manifestation State:	100 percent of the BOS fund maximum payment
If an eligible class member purchased, leased or now resides in a Manifestation State:	30 percent of the BOS fund maximum payment
If an eligible class member purchased, leased or now resides in an Unclear State	70 percent of the BOS fund maximum payment

Class Members in Manifestation States and Unclear States will be entitled to the same payment as Class Members in a Non-Manifestation State if such Class Members, on or before December 1, 2012, reported to Toyota, a Toyota Dealer, or NHTSA that they believed that one or more of the following symptoms occurred in their Subject Vehicle: an unintended acceleration-related symptom as to which Toyota inspected the Subject Vehicle and was unable to identify the cause of the symptom; the possible loss of brake vacuum assist; an accelerator pedal that may be slow to return or stick in a partially depressed position; interference with the vehicle's accelerator pedal with an incompatible or unsecured floor mat; increasing acceleration of the vehicle despite depressing only the brake pedal; acceleration (or failure to decelerate) when both the brake and accelerator pedals were depressed; rough or otherwise undesirable transmission shift sensation; the

brakes did not respond as expected; unfamiliarity with the push-button on/off button; unexpected operation of the cruise control system; one or more drivability concerns (e.g., hesitation, surging, lurching, etc.); or high engine RPM at idle.

If unclaimed funds remain after the claims period has expired and the unclaimed funds are sufficient to bring all eligible Manifestation States and Unclear States claimants up to 100% of eligible payment, the unclaimed funds shall be applied for those purposes. Any remaining unclaimed funds shall be distributed pursuant to Section II(A)(2)(c) of the Settlement Agreement.

If unclaimed funds remain after the claims period has expired and the amount of unclaimed funds is insufficient to bring all eligible Manifestation States and Unclear States claimants up to 100% of eligible payment, the remainder will be split 50% to Manifestation States claimants and 50% Unclear States claimants. In the event that either group of claimants is brought up to 100%, the balance of unclaimed funds will be applied to the other group of claimants.

Non-Manifestation States:

Alaska, Arizona, California, Connecticut, Hawaii, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New Mexico, New York, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Vermont, Washington, and West Virginia.

Manifestation States:

Arkansas, District of Columbia, Indiana, Mississippi, New Hampshire, North Carolina, North Dakota, South Carolina, Utah, and Wisconsin.

Unclear States:

Alabama, Colorado, Delaware, Florida, Georgia, New York, Virginia, and Wyoming.
